 Subject: Docket #09-IEP-1B Eastside Power Authority Resource Plan

Stuart,

Could you please re-send the Eastside supply forms ? You could use this subject line on a new email to Docket@energy.state.ca.us Whatever is in that email can serve as the cover letter, to be date stamped, docketed, and distributed here internally.

Thank you. Sorry for your inconvenience. It may have been a snafu here at our end, but with emails its difficult to know.

I am looking for the document for Eastside but I am pretty sure that we have not received it. If you would be able to call Stuart and let him know that we have not yet received it I will personally work on it and put the date of February 13, 2009 but with today's received date.

Claudia,

Last week I called Stuart Robertson (916-687-7799) who is my contact for the Eastside Power Authority. I was looking for a filing from this small joint powers authority (technically a publicly owned utility). Stuart said he sent it by email by our Feb 13 deadline.

Could you see if the filing from Eastside Power Authority was received and/or docketed? To my knowledge it did not have a confidentiality application. It's not uploaded to our P drive.

If you cannot find it (which could happen for any number of reasons unrelated to our offices), then I would be happy to give Stuart a call to request a backup submittal.

Thanks.

Jim
