RE: Application for Delay in Responding to the CEC's 2009 IEPR Data Request on Electricity Demand Forecast and Electricity Resource Plans; Docket 09-IEP-1

Dear Ms. Jones,

PG&E would like to request an additional two week delay in the due date for our complete response to the CEC's 2009 IEPR data request for demand, price and supply data, from March 13 to March 27. We are preparing data set for the requested demand, supply and price forecasts, but our management has requested additional time to review the initial results.

In your letter of January 30 granting our previous request for delay, you asked that any future extension requests include a signed declaration under penalty of perjury. My formal declaration is attached on the next page.

Please don't hesitate to call me at the above number if you have any questions or concerns.

Sincerely,

cc: Antonio Alvarez, PG&E
Rick Aslin, PG&E
Tom Gorin, CEC
Jim Woodward, CEC
Ruben Tavarez, CEC
