NAME:	Geoff Lesh Mechanical Engineer Worker Safety/Fire	DATE:	March 16, 2009
		TIME:	~3pm
WITH:	David Goodell, Kern County Fire Marshall		
SUBJECT:	Secondary access to project site for emergency services		

Discussed what would be desirable access points and routes for emergency and fire services to Beacon Solar Project site. Agreed that Neuralia Road would be best available, as it uses a separate road from fire station and approaches opposite side of site compared to the main access to site.
