Mr. Jones,

Below is a list of concerns related to the Vaca Station Project that we would appreciate being addressed.

I appreciate your support and guidance.

I understand that the Energy Commission will not be able to address all of them.

Our county representatives will also need to take accountability for several items.

If you need clarification on any line please let me know.

This is a collective list from the Township of Elmira.

I will also copy you as the list is updated.

Thank you,
Heidi Spencer
