Re: **Withdrawal of Appeal of California Energy
Commission's Ruling on Southern California Edison
Company's Application for Confidentiality --
Electricity Demand Forecast Forms
Docket No. 09-IEP-1C**

Dear Ms. Jones:

SCE respectfully withdraws its appeal of the California Energy Commission's (Energy Commission) ruling denying confidential treatment for information submitted by SCE on Form 1.2 in the above-referenced docket for the 2009 IEPR. Should conditions change in the future, SCE may again seek confidential treatment for this or similar data in future IEPR cycles.

SCE appreciates the Energy Commission's consideration of SCE's confidentiality requests, and is hopeful that the Energy Commission will continue to provide SCE the opportunity to provide input regarding confidentiality issues in the 2009 IEPR.

Sincerely,

Walker Matthews III
