From: California Energy Commission
1516 9th Street MS-2000
Sacramento, CA 95814

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Name: Otay Mesa Generating Project

Energy Commission Docket Number: 99-AFC-5C

Energy Commission Contact Person: Donna Stone Phone #: 916-654-4745

Project Location: San Diego County, California

Project Description: This decision allows the use of Emission Reduction Credits for mitigation when the Mobile Emission Reduction Credits expire or the project may reduce their NOx emissions from 2ppm to 1 ppm. The decision also removes the words rolling, rolling continuous, and continuous from a number of air quality conditions to clarify that compliance shall be based on clock-hour averaging periods. Condition of Certification AQ-60 will be deleted and the air quality conditions of certifications will be renumbered, as shown in Air Quality Table 1 of the staff analysis for consistency with the San Diego Air Pollution Control District.

On June 3, 2009, the California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project will not have a significant effect on the environment.
2. Mitigation measures were not necessary for approval of the project.
3. A statement of Overriding Considerations was not adopted for the project.

The Commission's docket files containing the final Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project are also available on the Commission's web site--www.energy.ca.gov.
