Subject: EECBG - Energy Efficiency Conservation Block Grant

DOCKET	
09-OII-1	
DATE	June 11 2009
RECD.	June 15 2009

ATTENTION ADMINISTRATORS:

Establishing a Telecommute Program is an eligible activity for using the Energy Efficiency and Conservation Block Grant Program. It is the #1 business solution that simultaneously provides benefits to both employer and employee while increasing environmental quality! With a formal telework program, you can expect to:

- * Retain jobs and stimulate the economy
- * Promote energy efficiency and environmental quality
- * Reduce overhead costs and employee commute costs
- * Enhance business continuity
- * Increase productivity and employee morale
- * Reap long-term, sustainable benefits beyond implementation

Measurable Results:

Measuring the results of your telecommute program is a necessity! All of the benefits you reap from your telework program can be tracked and quantified for reporting purposes and to meet grant guidelines with Mack Global Consulting. You will be able to accurately measure:

- * carbon emissions reduced
- * energy saved
- * number of jobs retained
- * overhead savings
- * productivity gains
- * reduction in absenteeism

Mack Global Consulting is a complete telework solutions provider specializing in telecommute program implementation, policies, and training. Our experienced staff has worked with government departments from Florida to Washington State to avoid potential pitfalls and realize significant savings. We assist organizations with:

- * Customized policies, procedures, and agreements
- * Management and Employee Training
- * Telework Program implementation/expansion
- * Continuity of Operations/Disaster Recovery Planning
- * Mobile Workforce Program Development
- * Program Tracking for accountability and reporting

For application assistance with summarizing your performance metrics, describing how your energy efficient strategy will sustain beyond the funding period, and cost estimates on implementing or expanding a telecommute program, please reply to this email or call Robin Mack at (804) 836-8858. We will help you gather the information you need before the June 25th deadline.

For more information visit
