RE: Docket No. 07-AFC-4: CEC DENIAL of Chula Vista Energy Upgrade Project

Dear Chair Douglas and Commissioners:

I am writing today to urge you to deny the application of the Chula Vista Energy Upgrade Project. This project as proposed violates the General Plan that were specifically designed and adopted to protect our community health. This peaker plant would be located too close to homes and should not be allowed. There are also many reasonable alternatives to this project, both in alternative locations and using cleaner more sustainable types of energy generation. Our region needs cleaner, smarter energy solutions to protect the public's health and the global climate!

I strongly support Commissioner Boyd's recommendation in the Proposed Decision and urge you to deny the project on June 17th.

Thank you for your consideration.

Sincerely,

M. Dan McKirnan, Ph.D.
