RE: Docket No. 07-AFC-4: Urge CEC DENIAL of Chula Vista Energy Upgrade Project

Dear Chair Douglas and Commissioners:

The San Diego Chapter of the Sierra Club urges you to deny the application of the Chula Vista Energy Upgrade Project. This project as proposed violates our General Plan that were specifically designed and adopted to protect our community health. This peaker plant would be located too close to homes and should not be allowed. There are also many reasonable alternatives to this project, both in alternative locations and using cleaner more sustainable types of energy generation.

We strongly support Commissioner Boyd's recommendation in the Proposed Decision and urge you to deny the project on May 20th.

Thank you for your consideration.

Respectfully,

Joseph A. Zechman  
 Chair, San Diego Chapter of the Sierra Club
