NOTICE OF RECEIPTDATE June 24 2009RECD. June 24 2009

PETITION TO AMEND
THE ENERGY COMMISSION DECISION for the
VICTORVILLE 2 HYBRID POWER PROJECT (07-AFC-1C)

On May 29, 2009, the city of Victorville filed a petition with the California Energy Commission requesting to modify the Victorville 2 Hybrid Power Project. The 563-megawatt project was certified by the Energy Commission on July 16, 2008, and is expected to begin construction in the fall of 2009. The facility will be located in the city of Victorville, in San Bernardino County. Energy Commission Staff will continue to monitor the project's conditions of certification for the life of the project.

DESCRIPTION OF PROPOSED MODIFICATION

The modification proposed in the petition would change condition of certification BIO-11 as follows:

- Within the condition: to extend the date by which the project may provide the letter of credit or other form of security from "prior to commencing ground-disturbing activities or within 12 months of the issuance of the Final Decision, whichever occurs first" to "prior to ground-disturbing activities."
- Within the verification: to extend the compliance date for compensation land acquisition from "no later than 12 months following the publication of the Energy Commission Decision" to "no later than 12 months following the commencement of ground disturbance."

ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES

The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality, public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and if the project, as modified, will remain in compliance with applicable laws, ordinances, regulations, and standards (Title 20, Calif. Code of Regulations, section 1769). Energy Commission staff is currently analyzing the request and will publish an analysis in the near future. A public hearing for the purpose of approving or denying the amendment proposal will subsequently be held at a regularly scheduled Energy Commission business meeting.

The petition is available on the Energy Commission's website at <http://www.energy.ca.gov/sitingcases/victorville2/compliance/index.html>. The staff analysis (when published), will also be posted on the website. If you would like to receive a hard copy of the petition and/or staff's analysis, please complete the enclosed **INFORMATION REQUEST FORM** and return it to the address shown.

Notice of Receipt - Victorville 2 Hybrid Project Petition to Amend BIO-11

June 24, 2009
