Subject: RE: Draft AB2021 Report

Hello Che:

This message is in follow up to our phone conversation last Friday.

The draft staff report titled "Achieving Cost-Effective Energy Efficiency For California: Second Annual AB 2021 Progress Report" (CEC-200-2009-008-SD) makes several references to the Modesto Irrigation District (MID), which are either incorrect or incomplete. MID submits the following minor corrections/edits to address those specific references. Please incorporate them into the final version of the report.

Thank you for your consideration. Peter

Peter Govea
Senior Energy Services Engineer
Modesto Irrigation District

Staff Assessment of POU Progress in 2008 - Corrections & Addition
(p 23) Table 5. The 2008 MWH target for MID should be 6,116. The value listed (13,586) is incorrect. Please refer to Establishing Energy Efficiency Targets: A Public Power Response to AB2021 Final Update (October 2007), which is on file with the CEC, for MID's targets.

(p 24) "Four utilities project a decrease in 2009 energy savings relative to 2008 reported energy savings, the largest changes are expected by Lodi (- 75 percent), Modesto Irrigation District (MID) (- 57 percent), and Roseville (- 30 percent). Lodi cites the slow economy's impact on customer spending and "market saturation" due to high customer participation in programs since 1996. MID's savings in 2008 2007 included large industrial projects that will did not reoccur in 2009 2008. Roseville expects ..."

Table A-3 – Incomplete Reference

Please be advised that MID also provides the following Residential Programs:

- HVAC Duct Testing
- CFL Distribution / Give Away
- Energy Audit
- Low Income Assistance
- Refrigerator Recycling Rebates
- Residential Outreach
- Shade Tree
- Solar PV

Table A-4 – Incomplete Reference

Please be advised that MID also provides the following Non-Residential Programs:

- CFL Incentive
- Education / Outreach
- Energy Audits
- Energy Efficient Exit Signs
- Energy Star Rebates
- HVAC / New Cooling
- Heat Pump Rebates
- Metering

New Construction Rebates
Refrigeration Rebates
Solar PV

Table A-6 - Incomplete Reference

Please be advised that MID completed a M&V plan for its 2008 programs, so should be included in this table. The plan is available at the link shown below -
