Approval of Request for Project Name Change

Dear Mr. Hackley:

This letter is to inform you that your request to change the name of the Salton Sea Geothermal Unit 6 Power Project to "Black Rock 1, 2, and 3 Geothermal Power Project" has been granted administratively by the Compliance Office of the California Energy Commission. The project will retain its original AFC number, 02-AFC-2C, and all conditions applied to the project in the original license and in subsequent amendments will remain in effect.

This letter also acknowledges CE Obsidian Energy's statement that the project ownership structure will not change, and that all three Black Rock units will be evaluated under a single Petition to Amend proceeding. If you have any questions, please contact me at (916) 653-0062.

Sincerely,

A handwritten signature in black ink, appearing to read "Jack Caswell", written over a large, stylized flourish.
