RE: SES Solar One Project
Applicant's Understanding of BLM and CEC Cultural Requirements for the PSA/DEIS

Dear Mr. Meyer and Mr. Stobaugh,

During the September 16th Issues Resolution and Data Request Workshop, the Applicant was given the opportunity to discuss with both CEC and BLM Cultural Resources staff regarding the specific needs of each agency to complete the Cultural Resources Section of the PSA/DEIS. The Applicant understands that, as a result of these discussions, the CEC and BLM require the responses to all existing Data Requests before they can finalize the Cultural Resources PSA/DEIS section. These data responses are anticipated to be submitted to the agencies on or before November 21, 2009. This submittal will be in a data response format and include revised site descriptions.

It is the Applicant's understanding that a revised Cultural Resources Technical Report will not be required for completion of the PSA/DEIS and is therefore targeted to be submitted on or before January 29th, 2010. This revised Cultural Resources Technical Report would be updated to include information from the data responses, including revised site descriptions in the text as well as DPR forms, and also will be inclusive of agency or their consultant's comments received to date.

The Applicant respectfully requests that if either the BLM or CEC has any objections to, or differences in the Applicant's aforementioned understanding, they notify the Applicant immediately.

I certify under penalty of perjury that the foregoing is true, correct, and complete to the best of my knowledge.

Sincerely,

Camille Champion
Project Manager
