APPLICATION FOR CERTIFICATION FOR THE  
***STIRLING ENERGY SYSTEMS – SOLAR ONE  
POWER PLANT PROJECT***

DOCKET No. 08-AFC-13

**DOCKET**  
**08-AFC-13**

DATE NOV 24 2009

RECD. NOV 24 2009

**REVISED COMMITTEE SCHEDULING ORDER**

On May 6, 2009, the Application for Certification (AFC) was deemed data adequate for the twelve-month review process prescribed in Public Resources Code, section 25540.6. The Committee conducted a public Informational Hearing on June 22, 2009, to discuss the schedule and other issues of concern and issued a Scheduling Order on July 29, 2009. The Committee conducted a Committee Conference on November 10, 2009 to consider the schedule in light of developments following the Informational Hearing. Following consideration of the parties' written statements and the discussion at the Committee Conference, we issue the attached Revised Committee Schedule.

We modified the order of events so that the Evidentiary Hearings will begin during the comment period on the Draft Environmental Impact Statement rather than a later time following the preparation of a Final EIS. This increases the likelihood of the final decisions of the Energy Commission and the Bureau of Land Management occurring at approximately the same time.

We may modify the schedule at any time upon either our own motion or that of a party. [Cal. Code Regs., tit. 20, § 1709.7(c).] The schedule retains periodic status reports, at an increased frequency, to determine whether case development is progressing satisfactorily, and to bring potential schedule delays or other relevant matters to our attention.

We remind the parties of the provisions of the July 29, 2009 Scheduling Order regarding the format of documents provided in electronic form and the ability of a party to opt-out of receiving paper copies of documents which are provided electronically. Those orders remain in effect.

Dated: November 24, 2009, at Sacramento, California.
