

DOCKET

07-AFC-5

MEMORANDUM

DATE DEC 09 2009

RECD. DEC 09 2009

TO: THE IVANPAH SOLAR ENERGY GENERATION SYSTEM COMMITTEE (07-AFC-5)

FROM: JOHN KESSLER, PROJECT MANAGER, AND WILLIAM KANEMOTO, VISUAL RESOURCE ANALYST

SUBJECT: SUPPLEMENTAL INFORMATION-PHOTOGRAPHIC, FOR IVANPAH VALLEY

DATE: DECEMBER 9, 2009

The attached photographs are submitted to supplement testimony and to illustrate the current and potential effects of the ISEGS development. These are a part of Mr. William Kanemoto's testimony for the Ivanpah project.

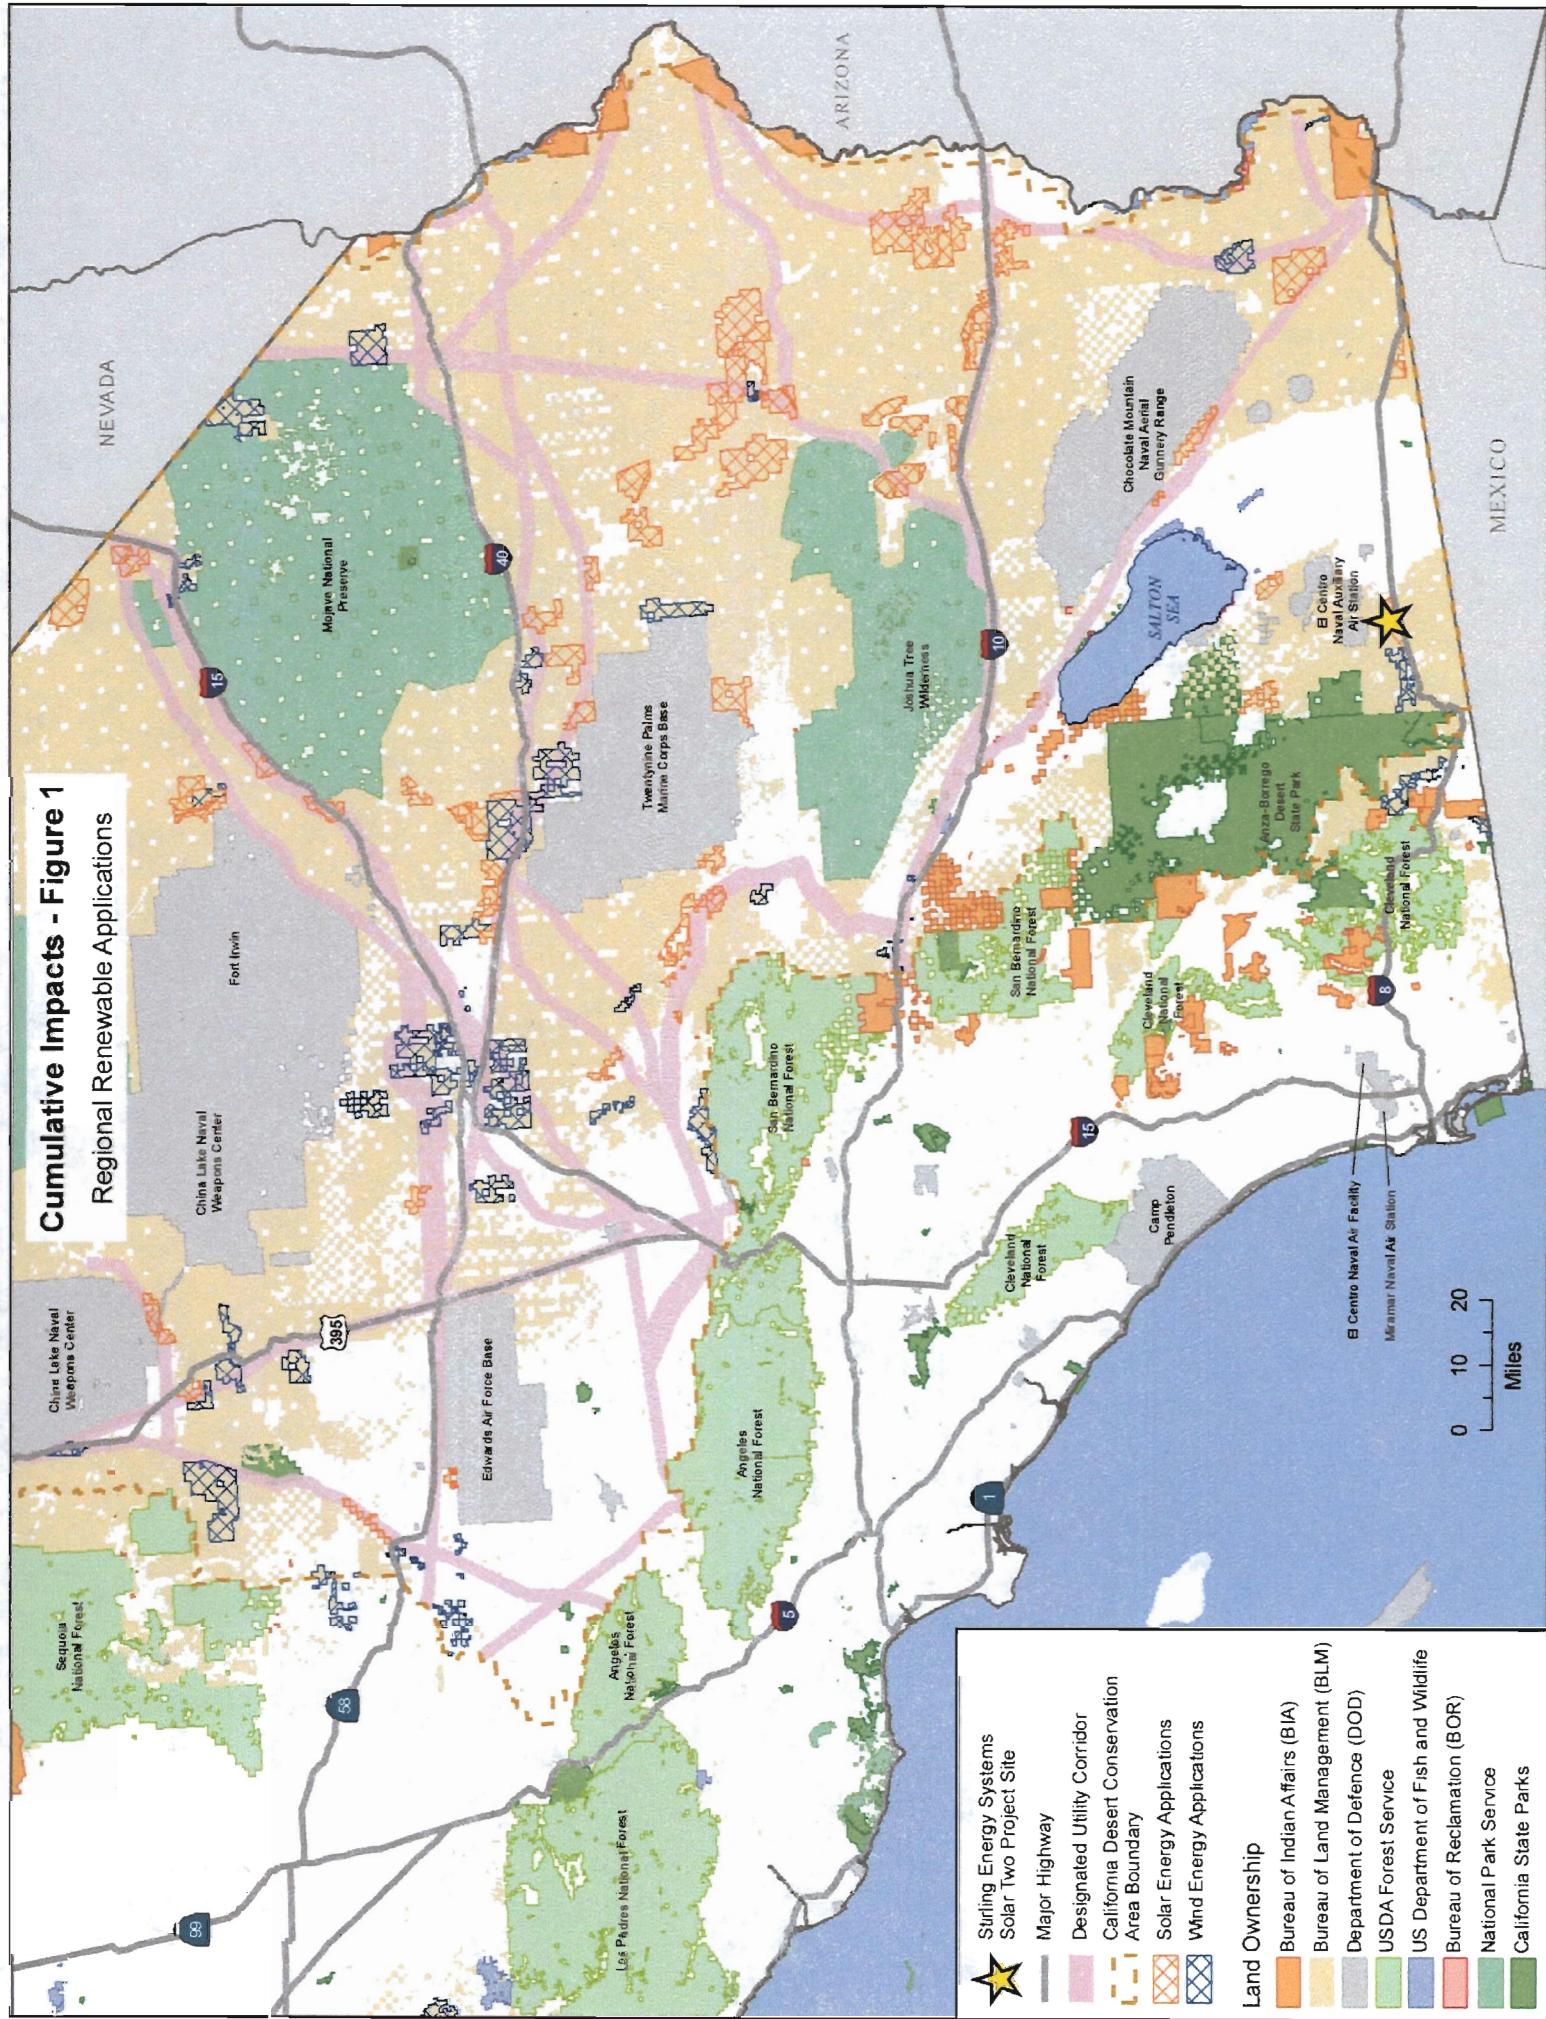

Photographs illustrate the existing setting, actual solar thermal projects similar to those planned for ISEGS. Also included is a regional map indicating location of other solar projects within the region.

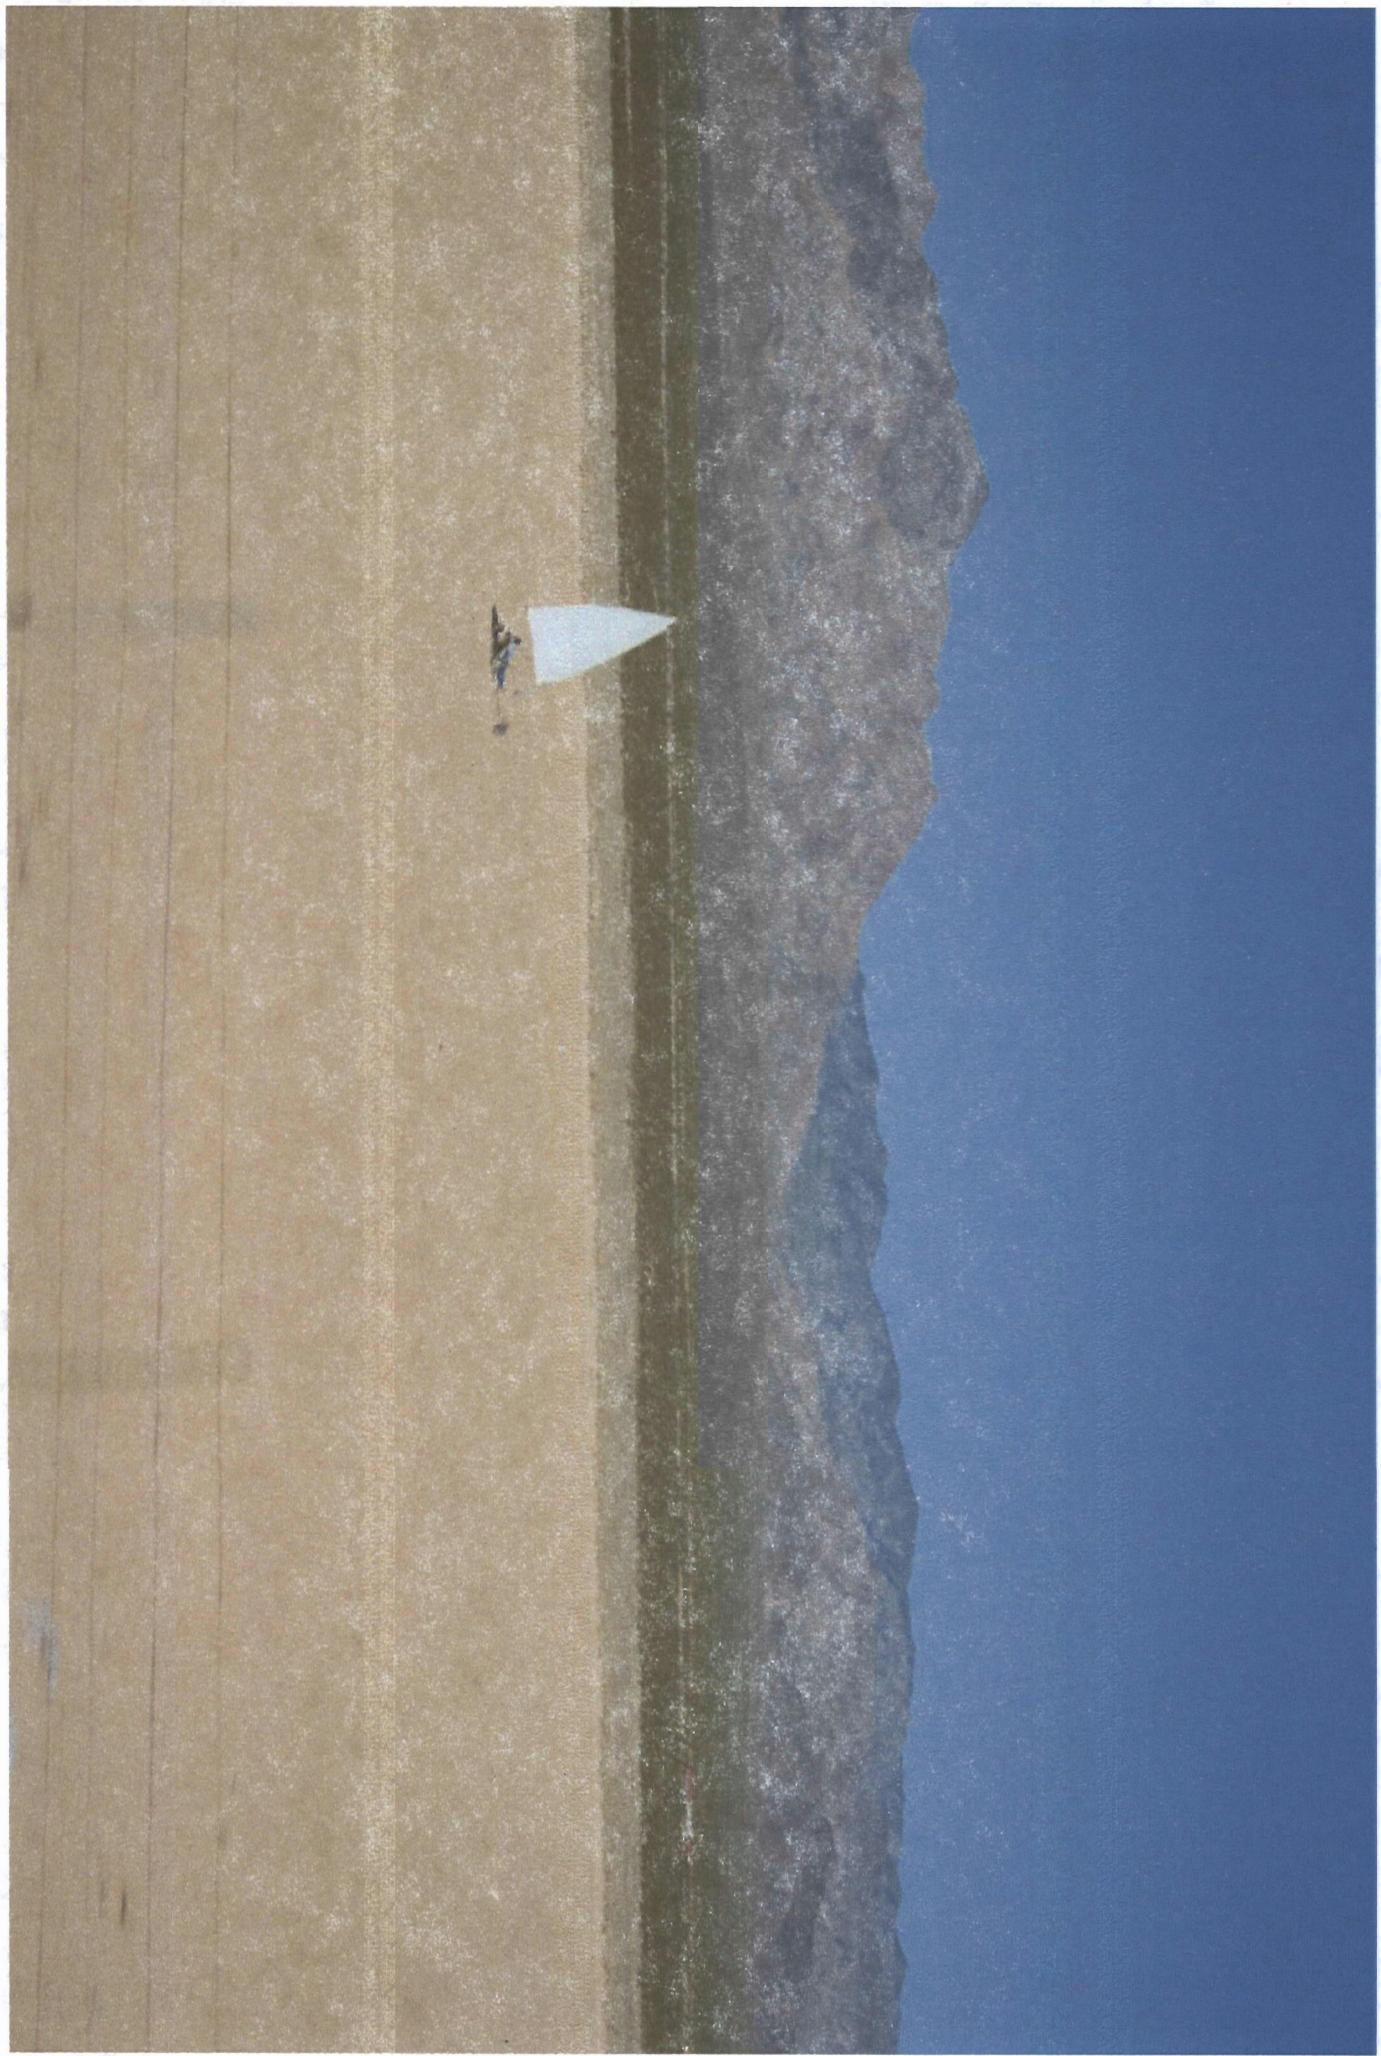

Setting Photo Notes:

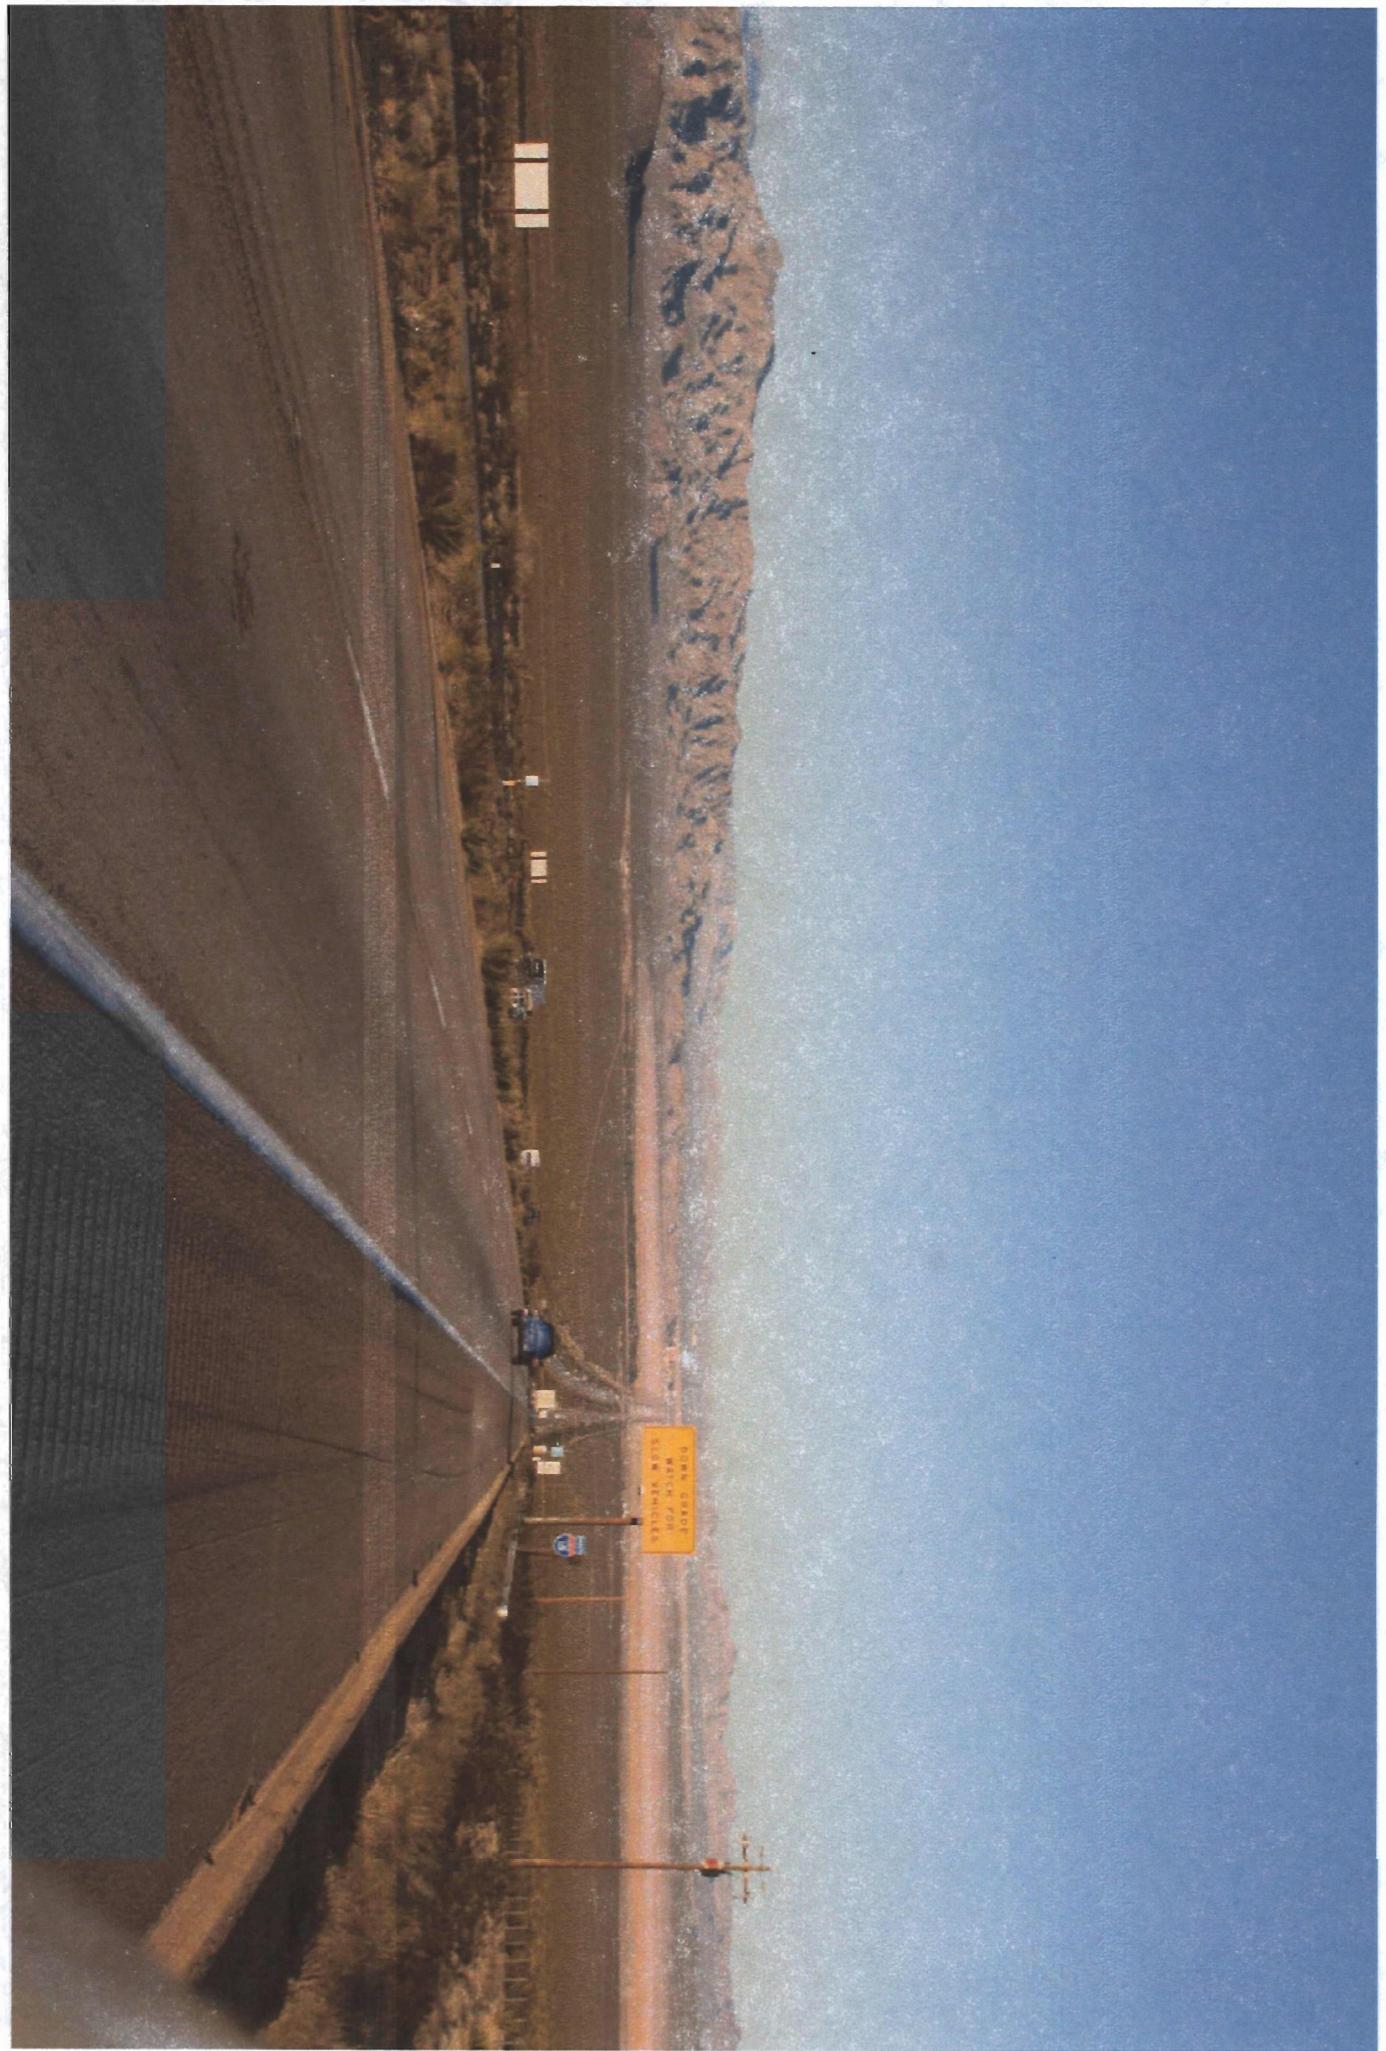

The attached photos are entered into testimony to depict the existing project visual setting. In addition, a recent figure depicting regional renewable projects is included to help explain that subject.

Cumulative Impacts - Figure 1

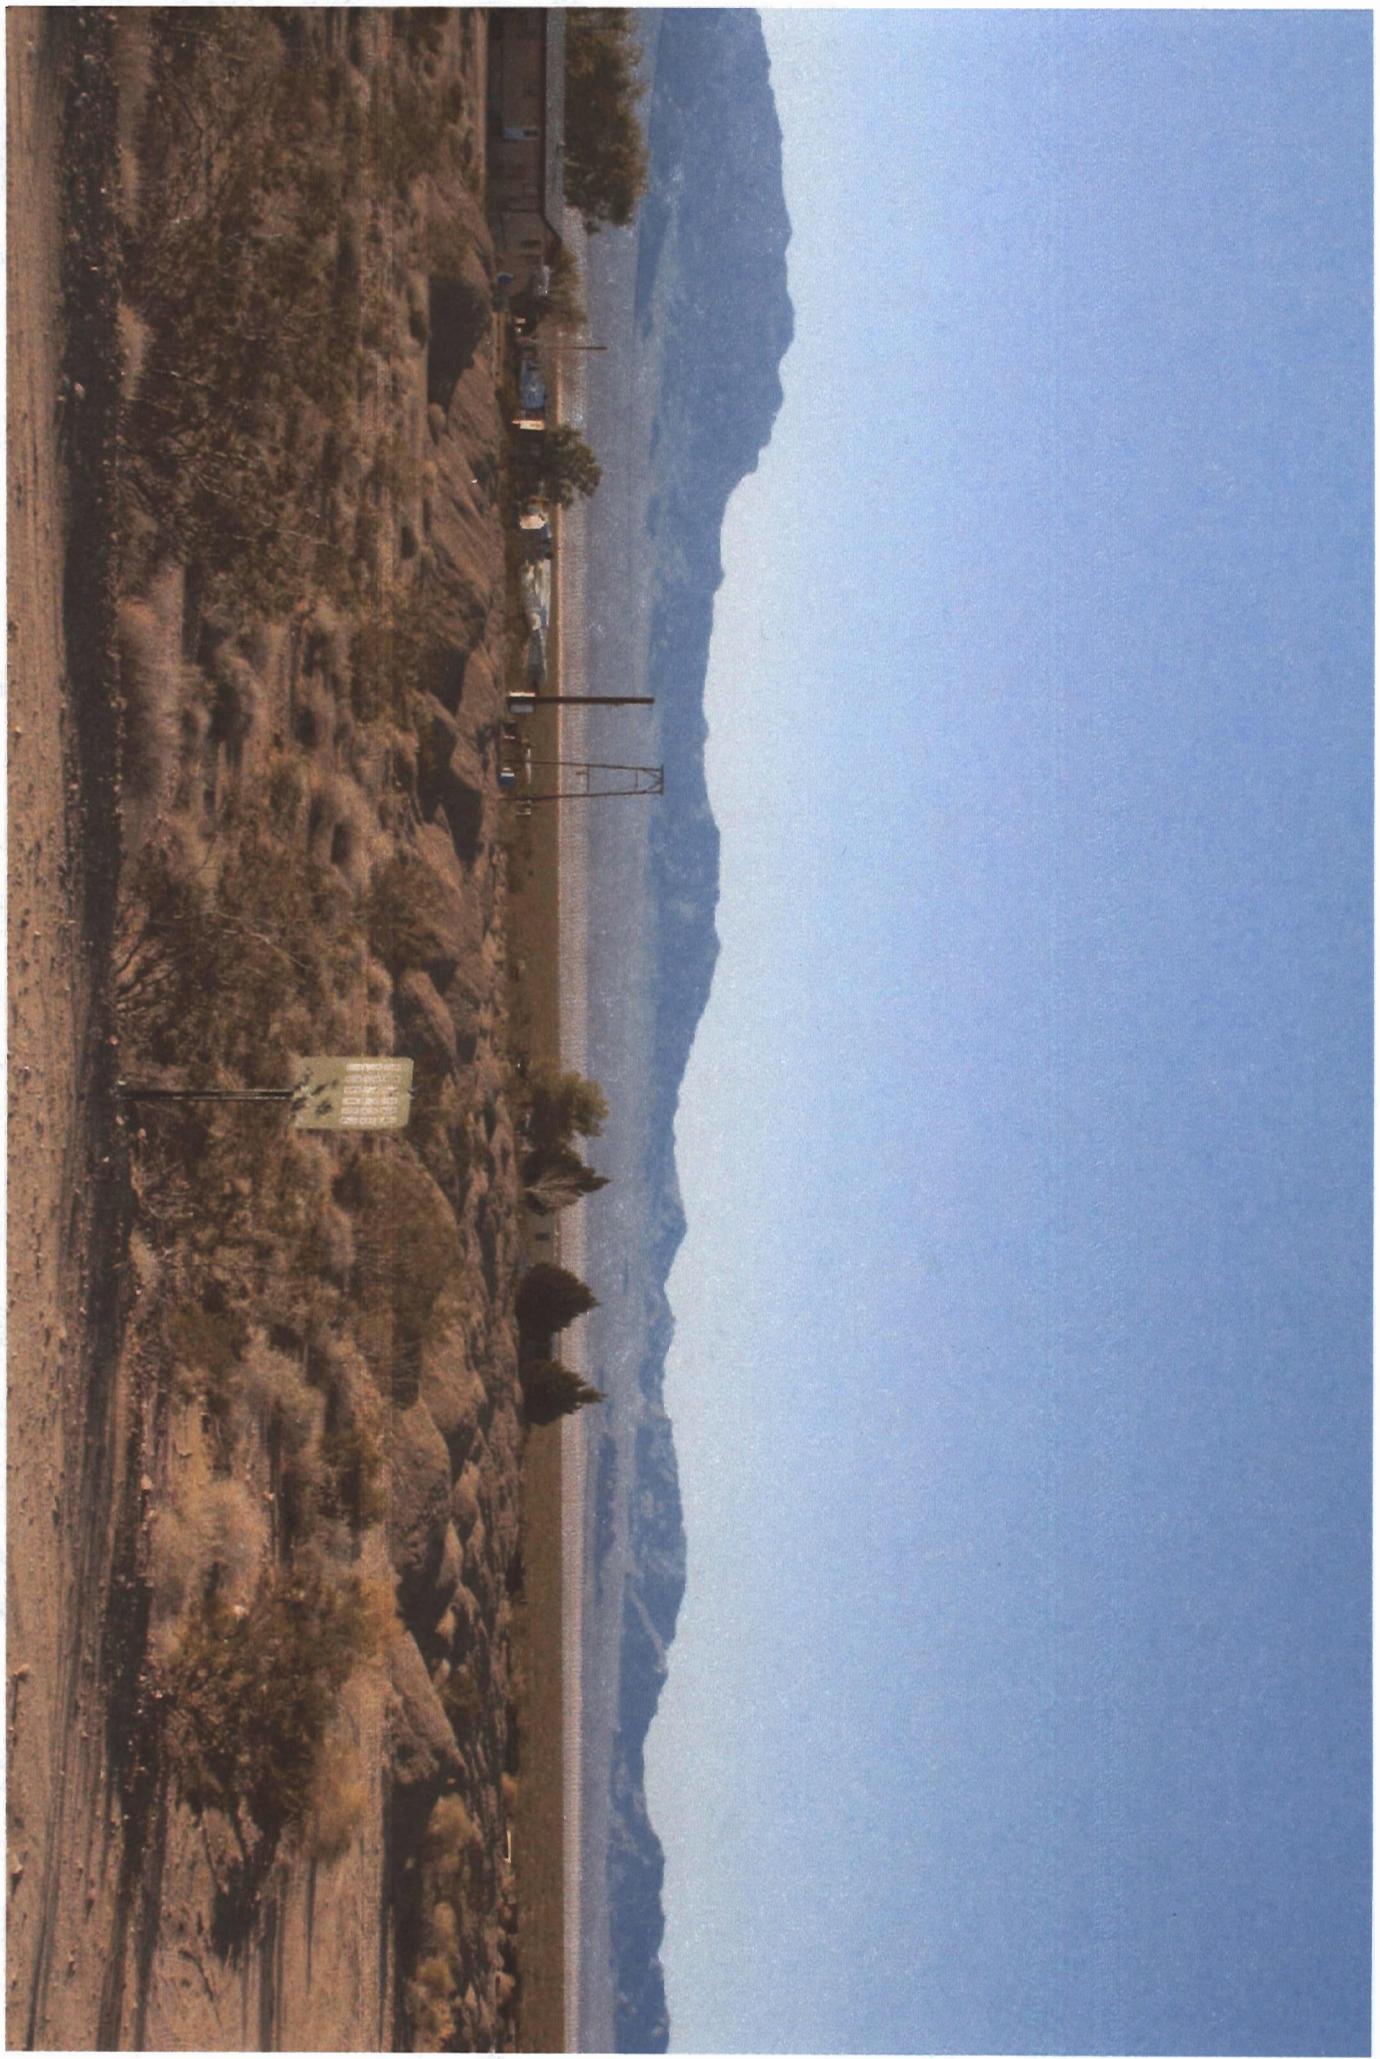

Regional Renewable Applications

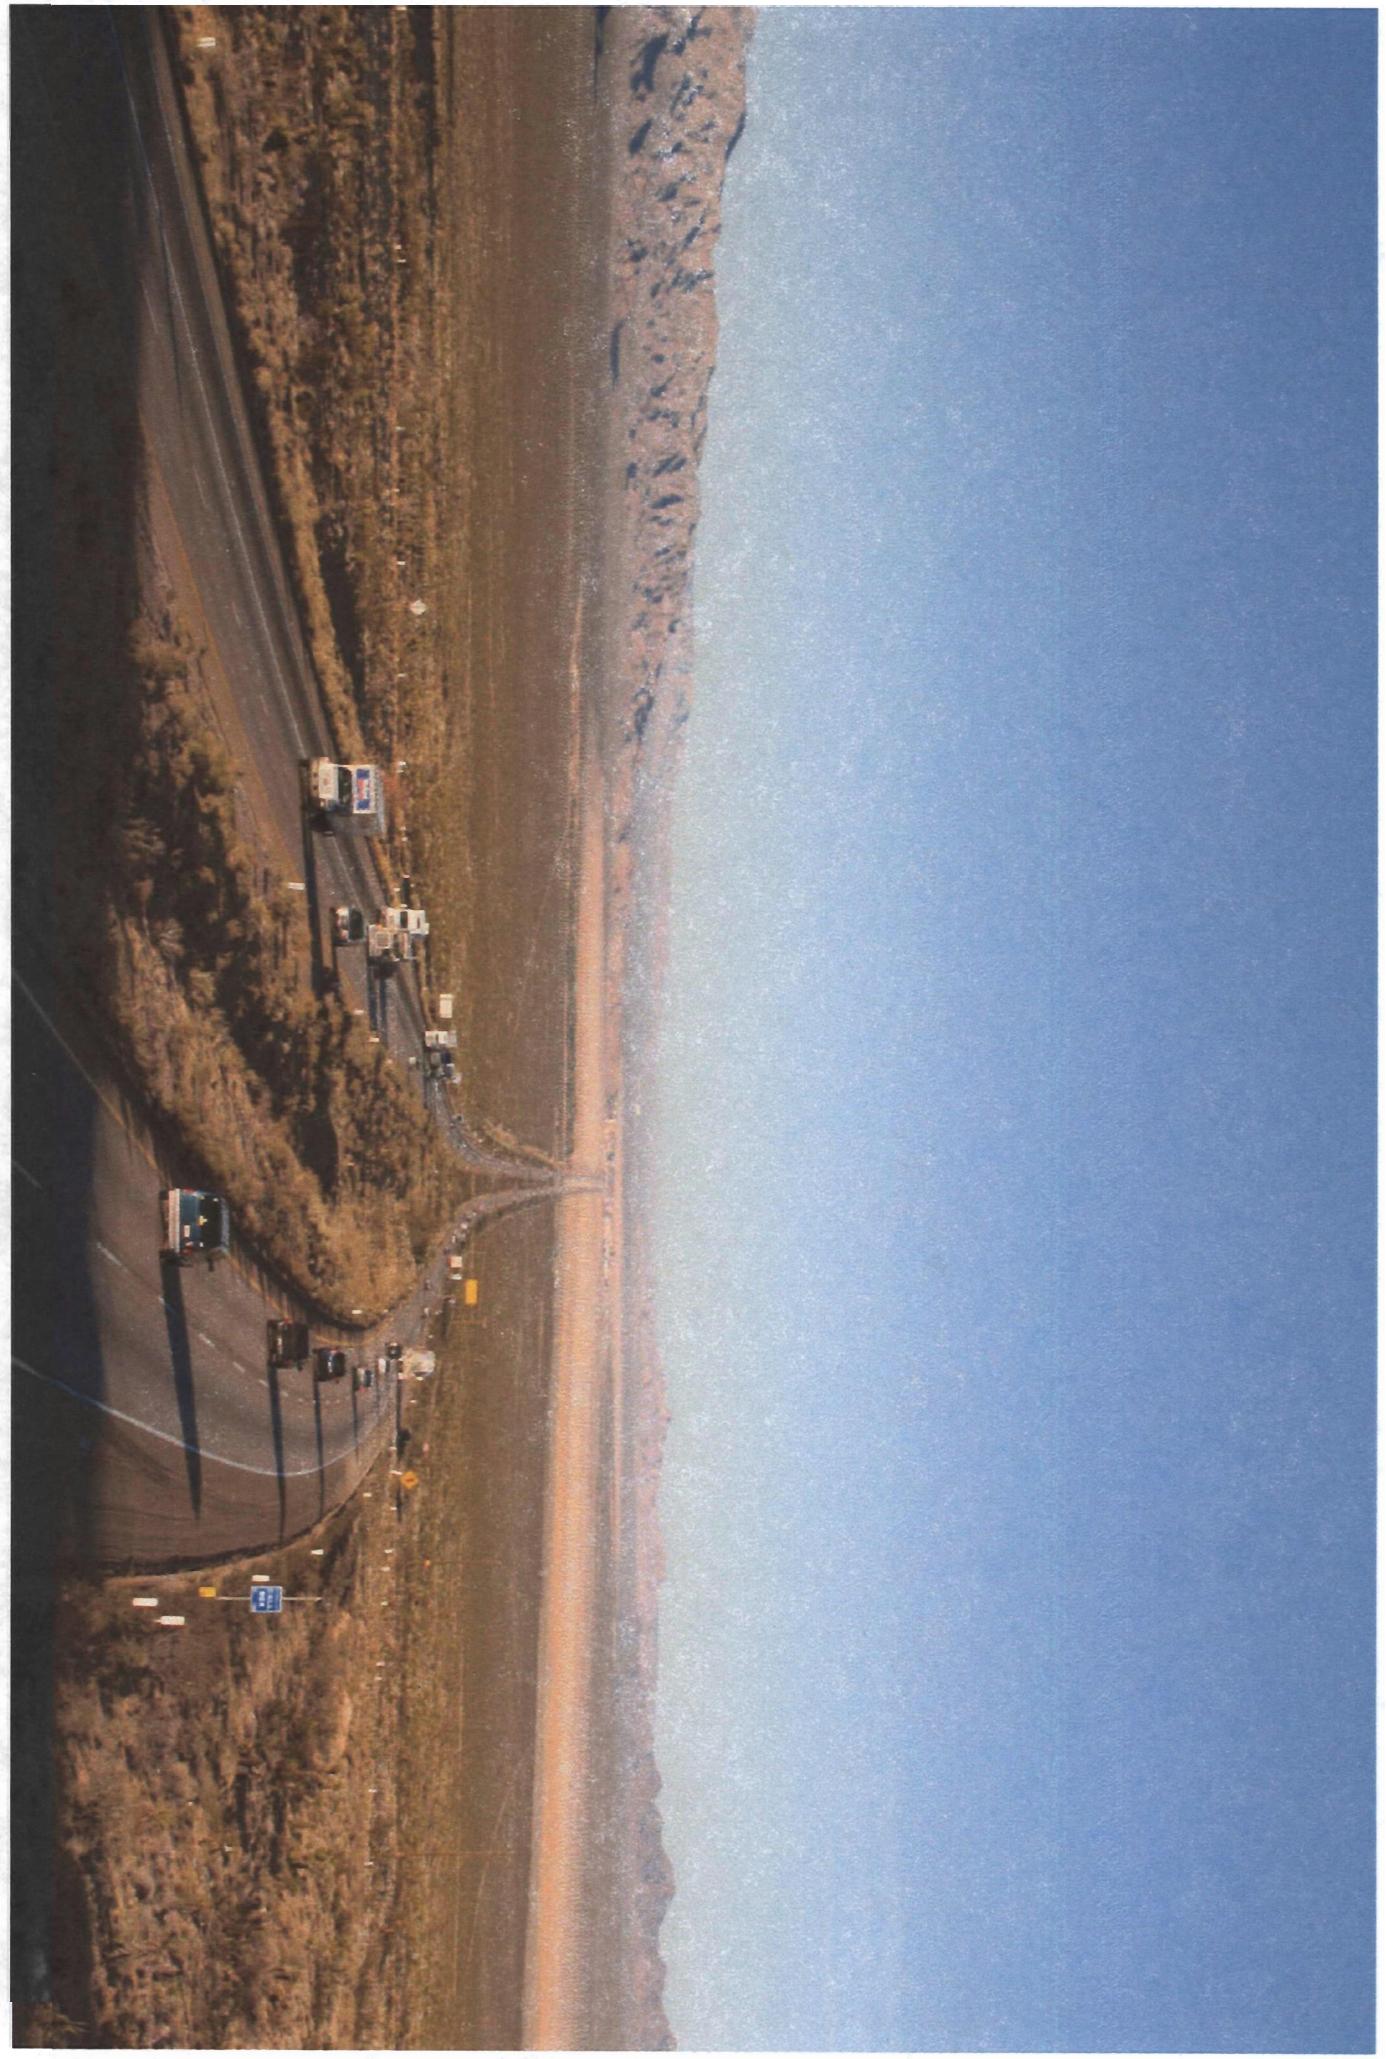

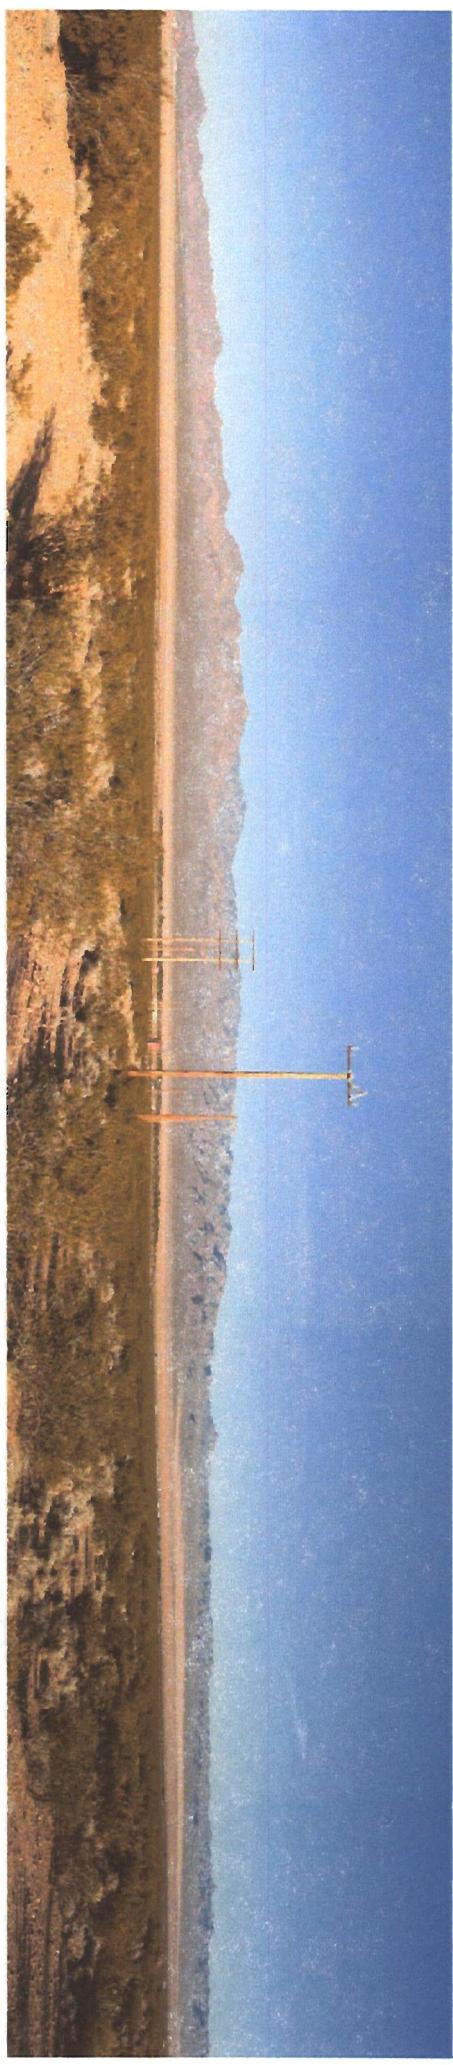

Solar Project Photo Notes:

The attached photos are entered into testimony to assist in explanation of the appearance of solar tower generation projects.
