DOCKET No. 09-EPS-1

ORDER No. 10-0127-1a

CITY OF ANAHEIM EMISSION

PERFORMANCE STANDARD COMPLIANCE FILING

ORDER

On December 29, 2009, the City of Anaheim, Anaheim Public Utilities (APU) submitted a compliance filing in conformance with Title 20, California Code of Regulations, Section 2909. Pursuant to Title 20, California Code of Regulations, Section 2910, the Executive Director recommended that the Energy Commission find the procurement in compliance with the Commission's SB1368 regulations.

Based on APU's compliance filing, the Executive Director's recommendation, and the absence of any opposition, at a regularly scheduled business meeting on January 27, 2010, the California Energy Commission found that APU's thirty four-year contract with Brea Power Partners, L.P. and Brea Power II, LLC. for the purchase of energy from the 27.8 megawatt biomass/landfill gas-to-electric generation plant located within the Orange County Olinda/Alpha sanitary landfill site in Brea, California complies with Title 20, California Code of Regulations, Section 2900 et seq.

Dated: January 27, 2010 at Sacramento, California
