 NOTICE OF ADVISORY
 COMMITTEE MEETING

DOCKET
09-ALT-1

DATE _____
 RECD. FEB 11 2010

Notice of the First 2010-2011 Advisory Committee Meeting for the Alternative and Renewable Fuel and Vehicle Technology Program

The Transportation Committee of the California Energy Commission (Energy Commission) will convene the first meeting of the Advisory Committee for the Alternative and Renewable Fuel and Vehicle Technology Program. Vice Chair James D. Boyd, Presiding Member of the Transportation Committee and, Commissioner Anthony Eggert, Associate Member of the Transportation Committee will both be in attendance. Other Commissioners may attend and participate. The meeting will be held on:

THURSDAY, FEBRUARY 11, 2010

9 a.m.

California Energy Commission, Hearing Room A
 1516 Ninth Street
 Sacramento, California 95814-5512

Link to map: [<http://www.energy.ca.gov/commission/directions.html>]
 (Wheelchair accessible)

Remote Attendance - Presentations and audio from the meeting will be broadcast via our WebEx web conferencing system. For details on how to participate via WebEx, please see the "Participation through WebEx" section at the end of this notice.

Purpose

This will be the first of two planned Advisory Committee meeting. Energy Commission staff has prepared a draft *2010-2011 Investment Plan* for the Alternative and Renewable Fuels and Vehicle Technology Program. The Transportation Committee is seeking input from the Advisory Committee, stakeholders and the public regarding the analysis and recommendations contained in the draft plan. Anticipated funding for fiscal year 2010-2011 is approximately \$100 million.

Background

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007), created the Alternative and Renewable Fuel and Vehicle Technology Program. The statute, subsequently amended by AB 109 (Núñez, Chapter 313, Statutes of 2008), authorizes the Energy Commission to develop and deploy alternative and renewable fuels and advanced transportation technologies to help attain the state's climate change policies. The Energy Commission has an annual program budget of approximately \$100 million to support projects that:

- Develop and improve alternative and renewable low-carbon fuels;
- Optimize alternative and renewable fuels for existing and developing engine technologies;
- Produce alternative and renewable low-carbon fuels in California;
- Decrease, on a full fuel cycle basis, the overall impact and carbon footprint of alternative and renewable fuels and increase sustainability;
- Expand fuel infrastructure, fueling stations, and equipment;
- Improve light-, medium-, and heavy-duty vehicle technologies;
- Retrofit medium- and heavy-duty on-road and non-road vehicle fleets;
- Expand infrastructure connected with existing fleets, public transit, and transportation corridors; and
- Establish workforce training programs, conduct public education and promotion, and create technology centers.

The statute requires the Energy Commission to annually prepare and adopt an investment plan that determines the funding priorities and opportunities and describes how program funding will be used to complement other public and private investments, including existing state programs. All projects funded by the Energy Commission must be consistent with the priorities established in the investment plan.

The Energy Commission is also required to create an Advisory Committee to help develop each Investment Plan. The Advisory Committee is composed of representatives of fuel and vehicle technology consortia, labor organizations, environmental organizations, community-based justice and public health organizations, recreational boaters, consumer advocates, academic institutions, workforce training groups, and private industry to participate in the Advisory Committee. The Advisory Committee also includes representatives from various state agencies: the Natural Resources Agency; the Business, Transportation and Housing Agency; the Labor and Workforce Development Agency; the Department of General Services; and the California Environmental Protection Agency.

On April 22, 2009, the Energy Commission adopted its first investment plan. The investment plan contains specific recommendations for expending \$176 million appropriated for the first two years of the Program (fiscal years 2008-2009 and 2009-2010). This first investment plan is on-line at [www.energy.ca.gov/2009publications/CEC-600-2009-008/CEC-600-2009-008-CMF.PDF].

Written Comments

Written comments after the meeting must be submitted by **5 p.m. February 25, 2010**. Please include the docket number 09-ALT-1 and indicate Advisory Committee Meeting in the subject line or first paragraph of your comments. Please hand deliver or mail an original to:

California Energy Commission
Dockets Office, MS-4

The Energy Commission encourages comments by electronic mail (e-mail). Please include your name or organization's in the name of the file. Those submitting comments by e-mail should provide them in either Microsoft Word format or as a Portable Document (PDF) to [docket@energy.state.ca.us]. **One paper copy** must also be sent to the Energy Commission's Docket Unit.

Participants may also provide an original and 10 copies at the beginning of the workshop. All written materials relating to this workshop will be filed with the Dockets Unit and become part of the public record in this proceeding.

Public Participation

The Energy Commission's Public Adviser's Office provides the public assistance in participating in Energy Commission activities. If you would like information on how to participate in this forum, please contact the Public Adviser's Office at (916) 654-4489 or toll free at (800) 822-6228, by FAX at (916) 654-4493, or by e-mail at [PublicAdviser@energy.state.ca.us]. If you have a disability and require assistance to participate, please contact Lou Quiroz at (916) 654-5146 at least five days in advance.

Please direct all news media inquiries to the Media and Public Communications Office at (916) 654-4989, or by e-mail at [mediaoffice@energy.state.ca.us]. If you have questions on the Advisory Committee or the Investment Plan, please contact Leslie Baroody of the Emerging Fuels and Technologies Office at the Energy Commission at (916) 654-4417 or by e-mail at [lbaroody@energy.state.ca.us].

Participation through WebEx, the Energy Commission's on-line meeting service

Computer Logon with a Direct Phone Number:

- Please go to: <https://energy.webex.com> and enter the unique meeting number **920 853 862**
- When prompted, enter your information and the following meeting password **meeting@9**.

- After you login, a prompt will appear on-screen for you to provide your phone number. In the Number box, type your area code and phone number and click OK to receive a call back on your phone for the audio of the meeting. International callers can use the "Country/Region" button to help make their connection.

Computer Logon for Callers with an Extension Phone Number, etc.:

- Please go to <https://energy.webex.com> and enter the unique meeting number **920 853 862**
- When prompted, enter your information and the following meeting password **meeting@9**.
- After you login, a prompt will ask for your phone number. **CLICK CANCEL**.
- Instead call (866) 469-3239 (toll-free in the U.S. and Canada). When prompted, enter the meeting number above and your unique Attendee ID number which is listed in the top left area of your screen after you login. International callers can dial in using the "Show all global call-in numbers" link (also in the top left area).

Telephone Only (No Computer Access):

Call (866) 469-3239 (toll-free in the U.S. and Canada) and when prompted enter the unique meeting number above. International callers can select their number from <https://energy.webex.com/energy/globalcallin.php>

If you have difficulty joining the meeting, please call the WebEx Technical Support number at (866) 229-3239. Please be aware that the meeting's WebEx audio and on-screen activity may be recorded.
