DATE	APR 29 2010
RECD.	APR 30 2010

Dear Jim,

The Tracy Chamber of Commerce would like to thank you and your affiliates for attending the February Chamber Board of Directors meeting to inform us of the Mariposa Energy Project. The Board has developed a better understanding of the project as a result of the information that was shared, and has had the opportunity to discuss how it will impact the Tracy community.

At this time, the Tracy Chamber Board of Directors has decided to support the Mariposa Energy Project because our organization is in favor of the positive economic impact this project will have on the Tracy community. As described in the project overview, key impacts include approximately \$33 million of local spending that will occur during construction of the project, and \$5 million per year in local spending there after during operation of the facility.

The Tracy Chamber Board of Directors supports the strengthening of our community through economic vitality, and the Mariposa Energy Project can stimulate the creation of jobs and local spending in our community.

Please consider attending another board meeting in the future to provide us with an update on the Mariposa Energy Project.

Sincerely,

Chad Wood
Board Chair
Tracy Chamber of Commerce
