**Subject:** DOC Abengoa minor error. No change in outcome.

Dear Ms. Huerta and Mr. Hoffman:

There was a minor error found on page A-2 of the DOC LESA model. I do not believe that it effects the outcome for the score. In Column J on page A-2, 16 acres should actually be 30 acres; therefore the total acreage should be 87 with a score of 80. Since the highest project score is 100 and already counted in the LESA final score it does not seem to make a difference in the outcome.

Sincerely,

Meri Meraz
