Attorneys for the CALIFORNIA
UNIONS FOR RELIABLE ENERGY

California Unions for Reliable Energy ("CURE") files these comments pursuant to the July 7, 2010 Proposed Decision of the Siting Committee: Commission Order on Data Concerning Cultural Resources on BLM Land.

Although the result here is unfortunate because the Commission will be denied full participation in Energy Commission proceedings by anyone except Energy Commission Staff and project applicants, we find no fault with the Commission's legal analysis.

CURE recognizes the difficult position in which BLM placed the Commission. CURE tried to avoid this problem by proactively proposing a nondisclosure agreement to protect the confidentiality of the data. CURE regrets that BLM's obstructionism forced a Commission decision which denies parties full participation in its proceedings. However, because of BLM's objections, the Commission's hands were tied.

CURE appreciates the Commission's full consideration of this important issue and thanks the Commission for encouraging BLM to accommodate our requests for cultural resources data.

Dated: July 12, 2010

Respectfully submitted,

Rachael E. Koss
