In the matter of:	)	Docket No. 09-OII-1
	)	
Order Instituting Informational Proceeding	)	NOTICE FOR THE STATE
American Recovery and Reinvestment Act	)	ENERGY EFFICIENT APPLIANCE
	)	REBATE PROGRAM

## Closure of Rebate Offer Period for Specific Appliance Categories

<b>DOCKET</b> 09-011-1
DATE NOV 23 2010
RECD. NOV 23 2010

The California Energy Commission's Ad Hoc Committee on Federal Stimulus Programs (Committee) provides public notice that the rebate offer period for the following appliance categories will close on **December 6, 2010**:

- Refrigerators
- Freezers
- Clothes Washers
- Dishwashers
- Room Air Conditioners

Ending the rebate offer period for these appliance categories is consistent with the *California State Energy Efficient Appliance Rebate Program Guidelines (Guidelines)* and necessary to control over-subscription and to facilitate validation of claims to determine compliance with program rules. Rebates are awarded on a first-come, first-served basis to eligible residential consumers who submit a complete and accurate application for a qualified energy efficient appliance postmarked no later than December 6, 2010. For consumers who previously submitted a claim and have been asked to submit supplemental information to complete their applications, all such supplemental information must also be submitted and postmarked no later than December 6, 2010.

This closure is effective only for the appliance categories listed above. Rebate applications will continue to be accepted for Water Heaters and Heating, Ventilating, and Air Conditioning Units until an official closure notice is issued by the Committee.

The *Guidelines* were developed to help implement and administer rebates for qualifying appliances under the American Recovery and Reinvestment Act (ARRA) of 2009. The U.S. Department of Energy has allocated to the Energy Commission \$35.2 million in ARRA funds to implement a State Energy Efficiency Appliance Rebate Program for California that provides rebates to encourage the replacement of inefficient residential appliances with new energy efficient residential appliances. The *Guidelines* establish the

eligibility and procedural requirements to qualify for rebates for the purchase of eligible residential appliances. The *Guidelines* are available on-line at:  
[www.energy.ca.gov/stimulus/index.html](http://www.energy.ca.gov/stimulus/index.html).

Printed copies of the Committee Draft version of the *Guideline* changes may be obtained by contacting:
