Introduction

Intervenors Robert Sarvey, Rajesh Dighe and CALPILOTS respectfully submit this motion to adopt the Siting Committee's October 12, 2010 schedule for the Mariposa Power Project.

The Committee held a Mandatory Status Conference at the Byron-Bethany Irrigation District headquarters near the Community of Byron on October 6, 2010, to discuss the review process and to identify issues that could affect the schedule. Subsequently the Committee issued a schedule on October 12, 2010 which contained reasonable milestones for completion of the projects licensing proceeding. The schedule called for the issuance of the Staff Assessment on October 20, the Supplemental Staff Assessment on December 13, Applicant testimony on December 28, and intervener testimony on January 6, 2010.

On October 28 CEC staff informed the Committee that the Staff Assessment would not be published until November 10. In response the Committee introduced a new schedule which instead of providing more time for the parties to digest and submit testimony accelerates the submission of testimony and requires the intervenors to prepare their testimony during the holiday period. The intervenors request that the Committee abandon the revised schedule and proceed with the original schedule which does not create undue hardship on the CEC staff, intervenors, and their experts who are unpaid volunteers.

Staff is having difficulty with their workload as evinced by the delayed issuance of the Staff Assessment. The BAAQMD has extended the comment period until October 27 on the PDOC and there may be a delay in its issuance. So there is nothing to be gained by accelerating the schedule.

Conclusion

Intervenors respectfully request that the Committee abandon the accelerated schedule and proceed with the October 12, 2010 schedule originally issued by the Committee.

Respectfully Submitted,

Robert Sarvey

Rajesh Dighe
