  - X California Resources Agency 1416 9th Street, Room 1311 Sacramento, CA 95814

From: California Energy Commission 1516 9th Street Sacramento, CA 95814

Clearinghouse No:

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Title: Palen Solar Power Project

Energy Commission Docket Number: 09-AFC-7

Energy Commission Contact Person: Alan Solomon Telephone: (916) 653-8236

Project Location: The project site is located approximately 0.5 mile north of U.S. Interstate-10 (I-10) and approximately 10 miles east of Desert Center, in an unincorporated area of eastern Riverside County, California.

Township 6 South, Range 17 East County: Riverside County

Project Description: The proposed Palen Solar Power Project (PSPP) is a concentrating solar thermal electric generating facility with two adjacent, independent units of 250 megawatt (MW) nominal capacity each for a total nominal capacity of 500 MW.

On December 15, 2010, the California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code. The Energy Commission adopted the Presiding Member's Proposed Decision (PMPD), the Override Findings, and the Errata to the PMPD, and those three documents comprise the Energy Commission Decision. The Energy Commission will compile the PMPD, the Override Findings, and the Errata into a single document for the convenience of readers. The effective date of the Commission Decision is December 15, 2010.

The Commission docket files containing the PMPD, the Override Findings, the Errata, the compiled Commission Decision when available, and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The documents comprising the Commission Decision and other information regarding the project are also available on the Commission's web site located at

**Project Description:** (please use a separate page if necessary)

The proposed Palen Solar Power Project (PSPP) is a concentrating solar thermal electric generating facility with two adjacent, independent, and identical units of 250 megawatt (MW) nominal capacity each for a total nominal capacity of 500 MW. The project is proposed to be located in the southern California inland desert, approximately ten miles east of Desert Center and .5 mile north of the Interstate-10 freeway in Riverside County, California.

Note: The state Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist
