Sacramento, California 95814-5512

**SUBJECT: SUPPLEMENTAL STAFF ASSESSMENT FOR THE PROPOSED
MARIPOSA ENERGY PROJECT**

The San Joaquin County Department of Public Works (Public Works) has reviewed the above referenced document and has the following concerns:

1. All construction traffic plans involving full or partial road or lane closures, as well as over-length vehicle movements within San Joaquin County, shall be routed to Public Works for review. This includes all construction and detour traffic plans.
2. Transportation of facility equipment on San Joaquin County roads that involves traffic control, route surveys, or lane closures requires an Encroachment Permit from the San Joaquin County Department of Public Works.

Thank you for the opportunity to be heard. Should you have questions or need additional information regarding the above comments, please contact me at (209) 468-3085.

Sincerely,

MARK HOPKINS
Senior Planner
