

Action Plan for Building the NCCEW

Purpose of today's discussions:

- Discuss the Benefits to California of the Regional NCCEW
- Review functions of the NCCEW
- Discuss possible Regional NCCEW organizational structures
- Identify any other states interested in partnering in the forming and operation of the NCCEW
- Discuss possible team members for developing a proposal to the federal government to form the initial NCCEW in California

Action Plan for Building the NCCEW

Discuss Benefits to California of the NCCEW

- Information sharing
- Provide new services to California workforce organizations
- Better matching trained personnel with job opportunities
- Leverage federal funding
- Learn from other states

Action Plan for Building the NCCEW

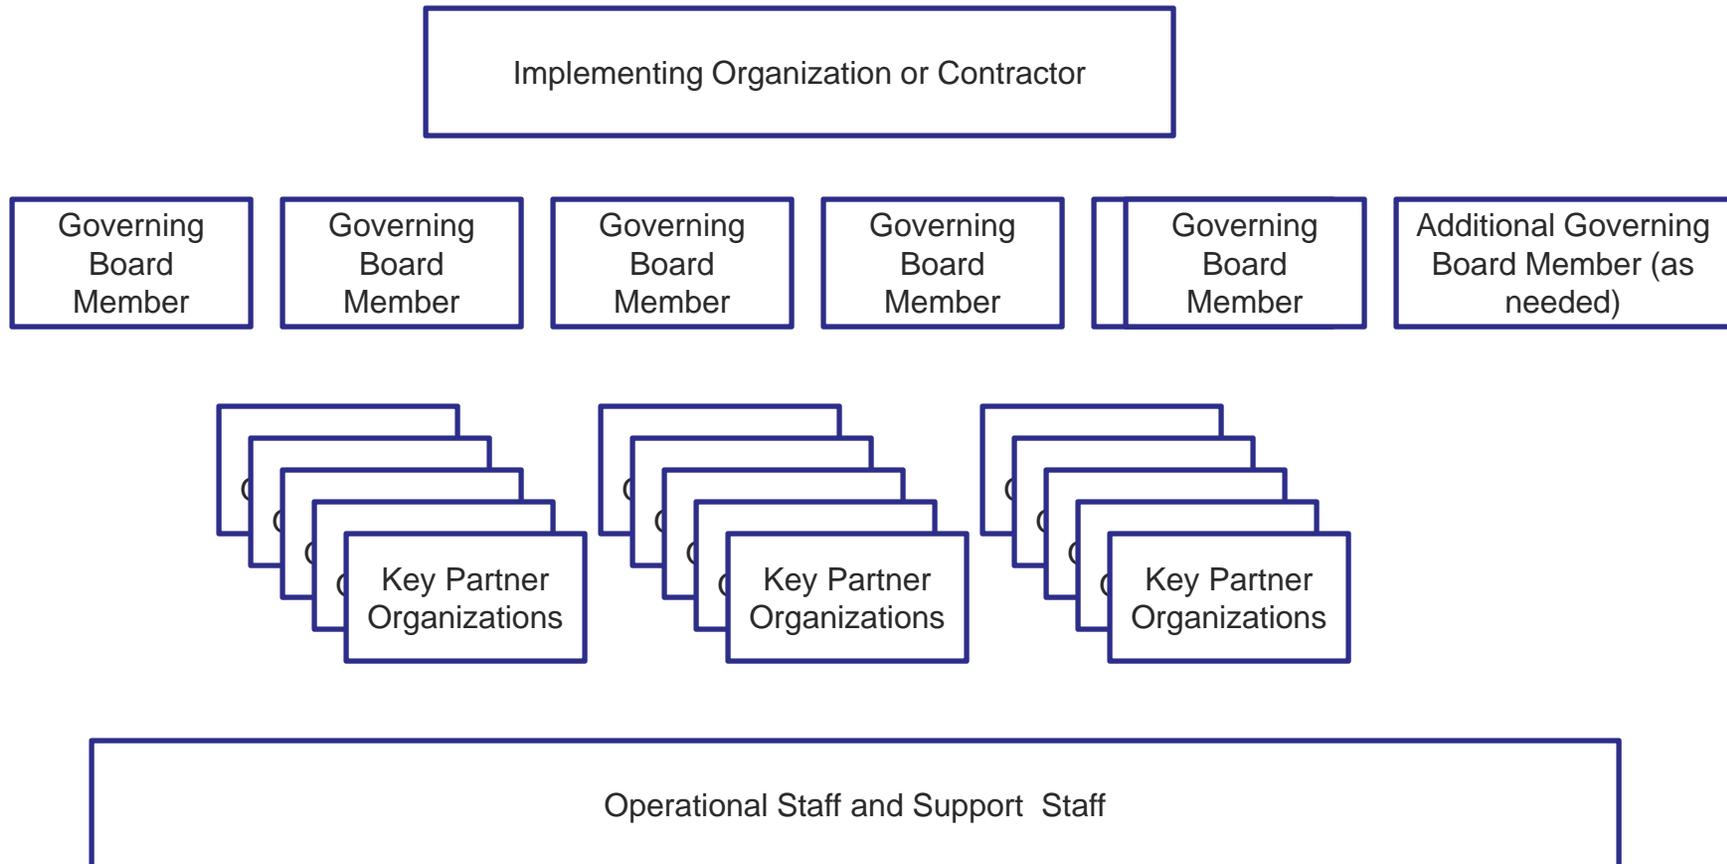

Functions of the NCCEW:

- Research the field of clean energy workforce training
- Collect and analyze best practices
- Create a national forum on the clean energy workforce
- Disseminate information, materials, and models

Action Plan for Building the NCCEW

Possible Organizational Structure:

Action Plan for Building the NCCEW

Other State Organizations interested in Supporting NCCEW:

- Expected number of regional NCCEW operations
- Developing a repeatable organizational structure that supports other regional NCCEW operations
- What functions are national in nature
- What states are interested

Action Plan for Building the NCCEW

Possible Team Members for Next Steps:

- Interested California and other state Key Partners
- Recommended Governing Board Members
- Possible locations for other Regional NCCEW operations
- Next Steps
