Hi Craig,

We just bought a new property in Mountain House because we like the community and envirement. But we were told that a Mariposa Power Plant is being planned to be built close to there, and the wind would blow the pollution to the area. I'd like to voice out that we don't want the plant built there, it should be somewhere far enough from the people living.

I would appreciate if you could consider not approving this plan for good of people's health living in MountainHouse/Tracy.

Many Thanks and Best Regards,

Sara & Mark (new member in Mountain House)
