**NOTICE OF RECEIPT
PETITION TO AMEND
THE ENERGY COMMISSION DECISION for the
HIGH DESERT POWER PROJECT (97-AFC-1)**

On May 10, 2011, High Desert Power Project, LLC., the project owner, filed a petition with the California Energy Commission requesting to modify the High Desert Power Project. The 830-megawatt project was certified by the Energy Commission on May 3, 2000, and began commercial operation in July 2003. The High Desert Power Project is a natural gas-fired merchant power plant on a 25 acre site on a portion of the Southern California International Airport (SCIA), formerly George Air Force Base, located within the northwest corner of the city of Victorville.

DESCRIPTION OF PROPOSED MODIFICATION

The modifications proposed in the petition would amend Condition of Certification **SOIL-WATER-1** to extend the submittal date of the reclaimed water use feasibility study from December 31, 2011 to December 31, 2013 to allow for adequate testing at the facility.

STAFF DETERMINATION AND AMENDMENT REVIEW PROCESS

The purpose of the Energy Commission's review process is to assess any impacts the proposed modifications would have on environmental quality and public health and safety. The process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision, and, if the project, as modified, will remain in compliance with applicable laws, ordinances, regulations, and standards (Title 20, Calif. Code of Regulations, section 1769). Energy Commission staff is currently analyzing the petition and will publish an analysis in the near future. A public hearing for the purpose of approving or denying the amendment petition will be held at a regularly scheduled Energy Commission business meeting.

This Notice of Receipt is being mailed to interested parties and property owners adjacent to the project site who may want to participate in the amendment process.

The petition is available on the Energy Commission's website at <http://www.energy.ca.gov/sitingcases/highdesert/compliance/index.html>

The staff analysis, when published, will also be posted on the website. If you would like to receive a hard copy of the petition, staff's analysis, and/or the order if the amendment is approved, please complete the enclosed Information Request Form and return it to the address shown.
