RE:

"Accordingly, we grant pre-certification to the Applicant, based upon the existing Application, subject to the following requirements:"

"1. All incomplete portions of the existing Application shall be completed and submitted to Commission staff for review."

"2. The required explanations for why certain specific information is not yet available, and the timing for obtaining that information, shall be provided in connection with the existing Application."

"3. Should Commission staff find any deficiencies in these submissions, then the deficiencies shall be communicated promptly to the Applicant and confirmed in writing."

Dear Commissioner Boyd,

Again, we would like to thank you for listening to our side of the argument and very much appreciate the decision.

In the decision there were certain omissions or deficiencies in our prepared "Precertification Application" for the "SPGCA-1, LLC" SITE.

We have attempted to cure those deficiencies.

The Precertification Application has been revised to include the Latitude and Longitude of the proposed site.

We hope that we have completed this Precertification Application correctly but would gladly correct any mistakes immediately to bring this issue to a speedy conclusion.

In a few days we will be emailing another 23 applications for sites connecting to the 3 IOU's accepting our bid responses.

Thank you very much!

Sincerely,

Kurt Grossman
