Subject: San Onofre

I'm a mother of 2 little children and have been living in San Clemente for 15years.  
Growing up in Austria with NO Nuclear Power Plants,Songs has always been on my mind....

Ever since Fukoshima,I have sleepless nights.  
The same scenario can happen right here,any day-with California being destroyed.....  
There would be absolute chaos,just trying to "get out"...{.if the streets won't be destroyed from the earthquake or Tsunamie.....}.

I see that horrible disaster from Japan as a BIG warning to all of us.  
If the whole world has learned from it,I pray so did we....

Please shut down San Onofre while we can!!!!  
It's not worth for the risk .....
