DOCKET	
11-RPS-01	
DATE	SEP 02 2011
RECD.	SEP 02 2011

To Whom It May Concern:

Subject: Request for Extension Responding to the California Energy Commission's (CEC) Request for Comments Related to the September 1, 2011, *Staff Meeting on the 33 Percent Renewables Portfolio Standard Publicly Owned Electric Utility Regulations Concept Paper*, Docket No. 11-RPS-01

The Los Angeles Department of Water and Power is requesting a one-week extension (until September 14, 2011) to fulfill the CEC's request for comments related to the September 1, 2011, *Staff Meeting on the 33 Percent Renewables Portfolio Standard Publicly Owned Electric Utility Regulations Concept Paper*.

Our original intent was to provide comments by the requested due date. However, based on the delay in posting the concept paper and the productive discussion during the CEC Webcast, the current deadline of September 7, 2011, does not provide entities with sufficient time to provide productive comments on the CEC's Concept Paper.

Please call me at (213) 367-0381 or email me at Randy.Howard@ladwp.com, if you have any questions or require additional information.

Your approval will be greatly appreciated.

Sincerely,

Randy S. Howard
