## Possible Adoption of Changes to Energy Efficiency and Conservation Block Grant Program Guidelines

At the California Energy Commission's regularly scheduled January 12, 2012 Business Meeting, changes to the *Energy Efficiency and Conservation Block Grant Program Guidelines* (Guidelines) will be considered for adoption. These *Guidelines* describe how the Energy Commission will implement the American Recovery and Reinvestment Act of 2009 (ARRA) Energy Efficiency and Conservation Block Grant (EECBG) Program.

The regularly scheduled Business Meeting will be held on:

**THURSDAY, January 12, 2012**  
10 a.m.  
CALIFORNIA ENERGY COMMISSION  
1516 Ninth Street  
First Floor, Hearing Room A  
Sacramento, California  
(Wheelchair Accessible)

Note: Audio from this meeting will be broadcast over the Internet using our WebEx Internet Conferencing System. For details on how to access the meeting electronically, please see the meeting agenda that will be posted online at:

[www.energy.ca.gov/business\\_meetings/](http://www.energy.ca.gov/business_meetings/)

The meeting agenda and WebEx log-in instructions will be posted before the meeting date.

The U.S. Department of Energy allocated the Energy Commission \$49.6 million in ARRA funding for the EECBG Program to assist eligible entities in creating and implementing strategies to: (1) reduce fossil fuel emissions in a manner that is environmentally sustainable and, to the maximum extent practicable, maximizes benefits for local and

regional communities; (2) reduce the total energy use of eligible entities; and (3) improve energy efficiency in the building, transportation, and other appropriate sectors. The *Guidelines* establish eligibility and procedural requirements to qualify for EECBG funding. The Energy Commission originally adopted the Guidelines on September 16, 2009, and then amended them on October 7, 2009, August 6, 2010, and October 28, 2010.

At the direction of the Energy Commission's Lead ARRA Commissioner, changes are being proposed to the *Guidelines* to award remaining EECBG funding through other grant programs, e.g. subsequent phases of the EECBG. Award of a formula-based EECBG grant will not affect eligibility to apply for remaining EECBG funding under any such grant programs, which are considered independent funding opportunities. The proposed changes to the Guidelines are available online at:  
[\[http://www.energy.ca.gov/recovery/blockgrant.html\]](http://www.energy.ca.gov/recovery/blockgrant.html).

Printed copies of the draft version of the *Guidelines* changes may be obtained by contacting:
