Dear Staff,

SunPower would like to clarify our input with an additional comment to this docket to be added to our previously submitted written comments submitted earlier today. The additional comment is as follows:

SunPower recommends the adoption of the proposed NSHP guidebook to continue per current scheduling, with an adoption date of January 12, 2012. We support the Commission's proposed changes, and look forward to implementation which we believe will increase program success.

Thank you,

Merideth Griffith
