Subject: Public Comments for Docket 11-AFC-3

DOCKET**11-AFC-3**DATE MAR 08 2012RECD. MAR 08 2012

Dear Commissioner Douglas-

I am writing to you in opposition of the proposed Quail Brush Power plant. I am a resident of Santee and my home is located in Mission Trails Regional Park at Sunset Greens. The Quail Brush project is an inappropriate use of the land. Mission Trail Regional Park preserves some of the last remaining open space situated close to the city of San Diego. Since it's conception, this nearly 6,000-acre park has been zoned for open space and residential use. It was never meant to be zoned and used for industrial use. To use it for this nefarious purpose would not only be an abomination, but a danger to the health and welfare of the community. West Hills High School and West Hills Park where the Little Leaguers play is literally yards away form this proposed site, not to mention all of our homes. As a Practitioner and Clinical Director of a health center here in Santee, many of my patients living at The Highlands a senior retirement community will be in the direct downwind polluted path. These are some of the most venerable folks in our Neighborhood and must be protected. Are children must be protected. Mission Trails open space preserve with it's magnificent views and all the creatures that call these lands home must be protected. I am adamantly opposed to this insidious project and I respectfully ask you, to please disapprove of this atrocity to our community.

Thank You,

Heidi Handy, M.S., L.Ac.
