RECD. MAR 12 2012

Dear Mr. Solorio,

I am opposed to the building of the Quail Brush Power Plant (11-AFC-03) in Santee, CA....where I have lived for 35 years.....it is adjacent to Mission Trails Park, a land used by many for walking, biking, enjoying nature, etc.

High noise levels would destroy the tranquility of this regional asset.

It would also be within 1/4 of a mile of West Hills High School. Do we want our young students and their teachers to be subjected to the emissions from this plant? NO.

It would violate numerous land use plans/regulations and would be an unacceptable health risk and eyesore to Santee and nearby Tierrasanta residents.

It must be rejected.

Thank you,
 Vicki Call
