My name is Edwardo Palma I live at 9343 Las Lomas Dr. Santee, CA 92071-1060 for 26 years. I writing to protest about building a Power Plant in Santee across the Canyon. My house is on the east side from the dump near the proposed sit for the power plant. It has been hard living here because the dirt that is stirred up floats east and collects on our side. The smell from the dump blows east over the canyon and settles in the canyon. I can not believe you want to add the plant fumes to this already awfully stuff from the dump. My daughter has contracted cancer and I have heard of other that have the same type of cancer. I feel the the dump may have contributed to this. Adding a plant could violate and contaminate and pollute the air more than it is now.

Signed

Edwardo Palma
