<b>WITH:</b>	Gail Wright, Project Planner for San Diego County (858-694-3003)			
<b>SUBJECT:</b>	Status of the Corrections Corporation of America Correctional Facility			

**PHONE CONVERSATION:**

3/27/12: I asked Gail Wright about the status of the Corrections Corporation of America Correctional Facility/East Mesa Detention Facility. She stated that the Planning Commission will likely review the project by late summer. After project approval, the applicant will probably immediately submit building and grading plans. I asked if Fall 2012 through early 2013 seemed like a reasonable timeframe for the beginning of project construction, and she said that it's difficult to say because there are many variables involved, but that this seemed reasonable.

3/29/12: I also asked Ms. Wright to clarify the project description. She stated that the project is the second modification of Major Use Permit P06-074 for a secure detention facility to be constructed in two phases. The modification is to increase the total square footage and number of people accommodated in two of the larger buildings on the campus. Ms. Wright also confirmed that the proposed project location is now 7488 Calzada de la Fuente.
