Please add me to the list of concerned citizens who oppose the proposed Quail Brush Generation Plant on the grounds that the proposal is a poor use of the land. I was born and raised in Santee and Santee is now a huge part in where I raise my own two children. I feel that this plant will be detrimental to the health and well being of all my friends and family located in Santee. Not to mention it would be taking away from a large part of the recreational land in Santee. Please implement the No Project Alternative.

Sincerely,

Chelsea M. Clark
