Notice of Postponement of Hearing for Consideration and Possible Adoption

The Notice of Proposed Action¹ for the AB 1103 proposed regulations set a date of May 9, 2012, for consideration and possible adoption by the California Energy Commission. The proposed regulations would add sections 1680 et seq. to Title 20, Division 2, Chapter 4 ("Energy Conservation"). The proposed regulations implement, interpret, and make specific Public Resources Code, Section 25402.10, regarding benchmarking and disclosure procedures of nonresidential buildings in advance of major financial transactions.

The Commission will not consider adoption of the proposed regulations on May 9, 2012. The hearing date for consideration and possible adoption of the proposed regulations is postponed to a later date to be announced. This will allow for additional time to review and consider comments received during the 45-day comment period, and to determine whether changes to the proposed regulations are warranted. This postponement is authorized by Section 11346.8(b) of the California Government Code.

The new hearing date for the proposed regulations will be noticed in compliance with the provisions of Section 11346.8(b) of the California Government Code and Section 1223(c) of Title 20 of the California Code of Regulations. If changes are made to the proposed amendments pursuant to Section 11346.8(c) of the California Government Code, the full text of the amendments, with the changes clearly indicated, will be made available to the public for at least 15 days prior to the hearing scheduled for consideration and possible adoption of the proposed regulations.
