**Subject:** CEC record-Docket#11-AFC-03 Quail Brush Power Generation Siting Case

Thank you for taking the time to read my attached letter. It is short.

Cathy Lindsey

June 17, 2012

Eric Solorio  
Project Manager  
California Energy Commission

I am writing this to let you know my feelings regarding the Quail Brush Power Plant. The East Elliott Community Plan designates this site as Open Space. This area was to be protected from and Recreation. The Municipal Code designates the site's zoning as single-family residential. Cogentrix wants to change the zoning to industrial.

How does this protect the city or county's open space? This area is important to the people who live near the area and to those who come after.

Please don't let this industrial giant take over our land that was planned to stay as an open space. There are better and more technological ways to generate energy.

Thank you.  
Sincerely,

Cathy Lindsey
