Dear City Council members, Mayor Sanders and CEC Commissioners,

I strongly urge you to uphold the Planning Commission decision that rejected the initiation of changes to “LORS” requested by the Quail Brush Power Plant application. The proposal fails to meet city criteria required for initiating amendments.

The community expects officials to ENFORCE our Laws, Ordinances, Regulations and Standards (LORS) and the City of San Diego General Plan policies. A decision to deny initiation protects San Diego and helps move the energy industry toward sustainable alternatives such as distributed roof-top solar or grid-scale energy storage.

Sincerely,

Kristy Hobbs
