**DOCKETED**

**12-OIR-01**

**TN # 67025**

**SEP 06 2012**

**In the Matter of:**

Rulemaking to Consider Modification of Regulations Establishing a Greenhouse Gases Emission Performance Standard For Baseload Generation of Local Publicly Owned Electric Utilities

Docket No. 12-OIR-1  
 ORDER

**ORDER GRANTING EXTENSION OF TIME**

On August 31, 2012, the Lead Commissioner for this rulemaking proceeding issued Requests for Reply Comments asking parties to submit additional comments on the issues outlined therein and establishing September 14, 2012, as the deadline for submitting such comments. On September 5, 2012, M-S-R Public Power Agency requested a two-week extension of the deadline. Southern California Public Power Authority and Los Angeles Department of Water and Power both supported M-S-R's request. No party to the proceeding has objected. Therefore, the Lead Commissioner for this rulemaking proceeding hereby grants the request for a two-week extension. All comments in response to the Requests for Reply Comments shall now be filed with the Energy Commission Dockets Unit by 4:30 p.m. on Friday, September 28, 2012.

Dated: September 6, 2012, at Sacramento, California.

ROBERT B. WEISENMILLER
