Cc: Energy - Docket Optical System
Subject: Sycamore Landfill Expansion, Quail Brush Power Plant and Castlerock Subdivision

Please continue to vote against all three of these destructive proposals!!!

1. **NO** to the **Quail Brush Power Plant**,
2. **NO** to **24-hour dumping** at the Sycamore Landfill
3. **NO** to the **destruction of West Hills** with rare vernal pools **by the Castlerock subdivision**.

All of these proposals degrade our parks and threaten our health and community. Significant unmitigable Toxic Air Contaminant impacts, excessive noise, and destruction of scenic open space resources should not be allowed!!!!!!!!!!!!!!

Thank you.

Robert A. Stockfleth
