

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

In regards to the placement of the proposed QBPP, I strongly express my disapproval. Between Mission Trails, Cowles Mountain, Lake Murray & the sports complex at West Hills, this project will negatively impact a tremendous recreational area. In terms of visual impact and air pollution, the quality of the experience of visiting Mission Trails will suffer greatly. Please reject the proposed QBPP.
