Subject: CEC record-Docket #11-AFC-03 Quail Brush Power Generation Siting Case

Please see attachment for public docket

To: Eric Solorio

I am writing to request that the CEC stop the Quail Brush project by choosing the "No Project Alternative. This project is not compatible with the City of San Diego zoning rules and is strongly opposed by the residents of San Diego.

I am a resident of San Diego and a regular park visitor to Mission Trails Regional Park. The construction of a power plant on this land, designated as protected open space, would be a terrible loss for our community and the environment.

Please uphold the zoning rules of San Diego and stop this project.

Sincerely,

Becky Crimmins
