Subject: Quail Brush power plant project

PLEASE do not approve this project for the location requested, it's a stone's throw from a high school, homes, and a large recreational preserve, Mission Trails Regional Park. There is so much land to the North and West of the proposed area that would isolate it from our daily lives; it may cost a bit more to build but would be a much better location for a large, noisy, ugly project such as this.

Thank you,

Lisa Hutter
