

Public Comment regarding the proposed Quail Brush Generation Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

I am against the construction
of this power plant.

• It would cause toxic air
emissions and acid rain + dirty water.

• it would hurt the species who
live in Mission Trails Reg'l Park
with its NOISE and SMOKE,

• It would ruin the peace
of the park and neighborhoods
with its NOISE

• It would cause more FIRE danger,
