DOCKETED

11-AFC-3

TN # 68202

OCT 24 2012

Subject: Quail Brush Generation Project
Application for Certification Docket No. 11-AFC-3

Dear Mr. Solorio:

Enclosed for inclusion in the above-referenced docket are public comments and signed petitions voicing opposition to this project.

Approximately 675 online-signed petitions, 112 online comments, and 234 hand-signed petitions are herein submitted. More are being received daily as the public becomes made aware through the efforts of concerned citizens and those additional petitions and comments will be submitted to you in the coming weeks.

Thank you for adding these to the docket at your earliest opportunity.

Respectfully,

STOP THE SANTEE POWER PLANT.ORG

Petition to the Staff of the California Energy Commission

We demand that the evaluation of the proposed Quail Brush Power Plant so seriously affecting our community, our children, our parks and schools be evaluated not at the applicant's suggested 43% usage but at the 100% this incursion will be used.

Our health, our property values, and the lives of our children and elderly depend on your decision.

Warning: a power plant is planned at Mast & Hwy 52. The Project includes:

11 9.3 Mega-Watt natural gas-fired engines;

11 48 inch x 100 foot tall stacks;

18 months of construction impact and extra traffic on the corner of Mast and West Hills Parkway.

# Petition to the Staff of the California Energy Commission

We demand that the evaluation of the proposed Quail Brush Power Plant so seriously affecting our community, our children, our parks and schools be evaluated not at the applicant's suggested 43% usage but at the 100% this incursion will be used.

Our health, our property values, and the lives of our children and elderly depend on your decision.

**Warning: a power plant is planned at Mast & Hwy 52. The Project includes:**

**11** 9.3 Mega-Watt natural gas-fired engines;

**11** 48 inch x 100 foot tall stacks;

**18** months of construction impact and extra traffic on the corner of Mast and West Hills Parkway.

# *Petition to Oppose the Power Plant in our Santee Neighborhood*

Warning: a power plant is planned at Mast & Hwy 52.

There is a Wed. Jan. 25 4:15 pm public hearing at Mission trails Visitor Center, where these Petitions will be delivered and your neighbors will testify. The Sunset Greens HOA located south of the project has taken a position opposing this project on Jan. 10, 2012.

From the application for the Quail Bush Project Application to the CA Energy Commission:

The Project includes-

11 9.3 Mega-Watt natural gas-fired engines;

11 48 inch x 100 foot tall stacks;

Engines enclosed in a 400 ft. x 60 ft. x 30 ft. tall building;

Approximately 2,200 ft. of 8 in. natural gas pipeline located across Mast south of the landfill entrance;

18 months of construction impact on the corner of Mast and West Hills Parkway.

# Petition to the Staff of California Energy Commission

I Oppose: \*11 huge engines-noise in the night; \*Eleven 100 ft. high smoke stacks-cancer in the air;\*Potentially dozens of 90 ft. high power line towers-a visual blight; \*18 months of construction-more traffic delays; \*Millions of gallons of drinking water-used for construction and to cool the massive engines; \*Mast Blvd. blocked to put in a gas pipeline-traffic jams day and night; \*Property values sunk even lower-no way out with an underwater home that can't be sold.

Sirs: We demand that the evaluation of the proposed Quail Brush Power Plant so seriously affecting our community, our children, our parks and schools be evaluated not at the applicants suggested 43% usage but at the 100% usage this incursion will be used; our health, our property values, and the lives of our children and elderly depend on your decision.

# Petition to the Staff of California Energy Commission

I Oppose: \*11 huge engines-noise in the night; \*Eleven 100 ft. high smoke stacks-cancer in the air;\*Potentially dozens of 90 ft. high power line towers-a visual blight; \*18 months of construction-more traffic delays; \*Millions of gallons of drinking water-used for construction and to cool the massive engines; \*Mast Blvd. blocked to put in a gas pipeline-traffic jams day and night; \*Property values sunk even lower-no way out with an underwater home that can't be sold.

Sirs: We demand that the evaluation of the proposed Quail Brush Power Plant so seriously affecting our community, our children, our parks and schools be evaluated not at the applicants suggested 43% usage but at the 100% usage this incursion will be used; our health, our property values, and the lives of our children and elderly depend on your decision.

They are trying to replace the Chula Vista plant and stick it right on our doorstep. You better believe this monster is going to be running 24/7. Anyone who doesn't believe that is a fool. This piece of junk has the potential to wreck Mission Trails park and Santee. What a bone headed idea. Put it somewhere smarter, this is a terrible choice of location. |

| <input type="checkbox"/> |  <b>Bill Cooper</b><br><br>70.181.175.238  | Submitted on 2012/02/29 at 9:09 am<br><br>The city of San Diego has used and abused Santee citizens enough! They placed a large dump on the border that nauseates our families on warm days—and they want to expand it! They want to build the Castlerock housing development to collect taxes for San Diego, but over-leverage Santee city resources such as schools and roads without any cost compensation. Now they want a power plant to spew increased pollution, further decrease property values in a depressed economy, and create a visual eyesore in our beautiful community. It's time to send a message that enough is enough. |

I am not opposed to power plants, I just think this location is a terrible choice. Save Mission trails!

Just so you know. To email Barbara Boxer, you will need to go to her website and not a direct email. You will get a undeliverable message.  
<http://boxer.senate.gov/en/contact/policycomments.cfm>  
BTW....how did the Santee Council Meeting go. I was not able to attend.

Why are we just hearing about this? Do we have a voice in this matter, because the land belongs to San Diego?

This power plant needs to be stopped! I've written to Marti Emerald ([martiemerald@sandiego.gov](mailto:martiemerald@sandiego.gov)), Supervisor Jacobs ([dianne.jacob@sdcounty.ca.gov](mailto:dianne.jacob@sdcounty.ca.gov)) and to the Public Advisor ([publicadviser@energy.ca.gov](mailto:publicadviser@energy.ca.gov)) voicing my opposition. If there are any others I missed, please let me know.

m      I care deeply about this cause and your Tues mtg suits my sched best. However, I feel compelled to point out that Pinn Peak’s also has a smokestack spewing out pollution. One might think that grilled steak smoke would be scrumptious, but it gets a little old after about 2 days, when you live a block downwind in a 2nd floor condo. I’m sure I could find scientific data to tell me how dangerous it is; I don’t feel the need when I find black soot on my plants and patio. I can’t open my door or windows to cool off with the nice afternoon/evening ocean breeze coming through the pass, because that’s when they fire up the grill! I ate there once and asked for a discount – they laughed! You’ll excuse me if I don’t patronize them much during the mtg.

8. Is there an alternate site that this facility could be placed ?  
9. Has an Impact Study been done on the proposed site to make sure there are no Indian artifacts, endangered insects, birds and plant life?  
10. What will be the noise level of the generation facility at the nearest house?  
Hopefully these will get some answers that will make sense.

In regards to the rally on Monday the 12th....I think you should seriously consider spreading out to other locations other than that isolated area.

If you want to get the word out to the mass....then spreading out is ideal. While there is a great deal of traffic out that way...only a select part of Santee goes that way...those with students at West Hills....and those who live right in that area.

I would also target the intersection of Cuyamaca and Mission Gorge for sure.....maybe consider Mission Gorge and Magnolia.... Maybe Mast and Magnolia.....

Just a suggestion to be more effective.....

In regards to the City Planning Commission Meeting...note something VERY important:

Time allotted to each speaker is determined by the Chair; however, comments are

limited to no more than three (3) minutes total per subject regardless of the number of those wishing to speak.

So...no matter how many show up....we get three minutes TOTAL. I would HIGHLY suggest someone who speaks well in front of a crowd....be the sole speaker....AND that they prepare a typed TIMED three minute speech to read.

This does not mean only one person shows up....EVERYONE should show up for support.

Here is a report from UC Berkeley that concluded a 3-7% decline in property value within 2 miles of a power plant after construction: <http://faculty.haas.berkeley.edu/davis/pp.pdf>

I just sent my opposition to the SD Planning Commission. I sent it to my friends in neighboring areas (San Carlos) and asked them to send it as well. Not being San Diego residents, I'm not sure how much we'll effect their vote. San Diego voters need to be speaking out as well.

Districts.  
5. Because the City (400 other Redevelopment Districts as well) has been turned upside down financially, we do not have the estimated \$250,000 to fight the Powerplant in court.  
6. If we did go to court and spent the \$250,000 plus, in legal fees, we have a 95% chance (based upon legal opinion) of losing the lawsuit and only a 5% chance of getting minor concessions.  
That is the way I see this issue right now. The City of San Diego is the 400 pound gorilla on our front doorstep. The California Energy Commission is the other 800 pound gorilla at our backdoor.  
As you know I never mince words, the City of Santee will be rolled over on this one, with no hope of stopping a Powerplant that most people want. Even if some people don't want it built, a vast majority are happy to have it in a corner of a landfill, away from everybody but our neighbors at the west end of Santee.  
Respectfully submitted,  
  
Randy Voepel  
Mayor, City of Santee

we don't "need more power plants", we need to reduce demand and move to rooftop solar generation. If anyone thinks they will be able to sell their house if they are within 2-3 miles of this 400' long 100' high PP they are dreaming. The applicants very own info says there will be a 1 mi sound impact zone. We need your comments in the record Please email Eric Solorio the Project Manager for the Quail Brush Generation Project (natural gas power plant) adjacent to Mission Trails Park, we need your comments in the record [ESolorio@energy.state.ca.us](mailto:ESolorio@energy.state.ca.us) mailto:ESolorio@energy.state.ca.us the decision makers will read your comments.

A Power Plant next to these beautiful hills and gorgeous Mission Trails? What are they thinking?

Hopefully, we can also contact local chapters of the Sierra Club, hiking clubs, outdoor organizations, etc., to let them know how this power plant would visually impair the park. The noise alone would ruin anyone's daily hike, walk or simple visit to the park. Tragedy! Tell everyone you know—they don't have to live in the Santee area. We've been visiting Mission Trails park long before we were Santee residents. |

also a safety issue which will impact many of us here in Santee. We as citizens can put a hold on this by banning together. Tuesday, Feb. 14th at 5:45 P.M. is when everyone should be at Pinnacle Peak for this meeting. There are other areas which would be more suitable for something like this instead of placing it in a bedroom community such as Santee. I would like to know the name of the person that left the 2 sided flyer at my door with a phone # in order for me to contact them.

I have emailed my opposition. My husband will do the same, and so will my friends. What more can we do to prevent this? It's an unbelievable travesty. This is within a few miles from my home, and butting up against Mission Trails Park where thousands of visitors go for peace of mind and the views of pristine wilderness. How did this plan get so far down the line (September construction????!!!!) without people knowing about it?????? This is an election year. I'd like to know the names of the people behind this.

I just got back from delivering the flyer to some of my neighbors. I am now going to the foot of Cowles Mountain to deliver some more to the avid hikers. I am sure they will be disappointed, shocked and even hurt to learn about this. It's not necessarily sleeping that most people do – many have their noses to the grindstone and are so exhausted by the end of their work day that they don't know which end is up. Do you think there is a chance we can actually stop this?

You are so right, Norman, Mission Trails park is the "backyard" of every San Diegan. Therefore it is an issue for all San Diegans, not just those who live in Santee. This is a gift that we must all protect.

We should all be cognizant of all the machinations necessary to remove the Chula Vista power plant.

Technology is constantly evolving. We need to move away from these old-fashioned facilities. South Bay knows it better than anyone. <http://www.portofsandiego.org/real-estate/2485-port-and-chula-vista-work-to-take-down-south-bay-power-plant.html>

I just wrote the following to both Supervisor Jacob and councilwoman Marti emerald. Feel free to use any part or all of it. We must make our opposition known to the decision makers:

Ms. Jacob:

I am writing you to notify you of my opposition to the Quailbrush power plant that has been requested to be built essentially in my front yard, the corner of Mast Blvd and West Hills Parkway. Although this looks like a great place for the tax payers of the city of San Diego (being hidden by Mission Trails Park and its hills) it is directly across the street from several neighborhoods in Santee, including mine.

All the on going pollutants, noise, traffic during construction and all the other negatives that come with such a project will affect hundreds of homes and literally across the street. Not to mention the on going pollution that will be generated affecting the students of West Hills High School less than a quarter of a mile downwind on Mast Blvd.

With our property values already sunk and many of us stuck with under water mortgages, this will only make a bad situation worse. Believe me no one will want to by a home or town home across the street from a 11 one hundred foot high toxic spewing smoke stacks.

We need to be encouraging developers to make alternative green power generation local to their developments and begin getting away from the idea of large fossil fuel burning power generation plants.

Don't do this to the city of Santee, and your neighbors.

I am requesting in a strong a manner as possible that you oppose the construction of this power generating station at this location.

Do not allow the city of San Diego to make any zone changes that would allow this plant to be built.

Do not make any land deal that would place the plant in on any part of Mission Trails Park. This is a gem to the city and the county and should be protected!

Regards,

Peter J. Adams

Santee, CA 92071

If you are a condo/town home owner in Santee or bordering Mission Trails Regional Park, I would like to speak to you. I am coordinating all the HOA's in the immediate area of this proposed plant to get them to oppose the building of this plant. I will be happy to make a presentation to your HOA's board or instruct you on how to do this.

The more Associations we can get on record opposing this project the better. Please email me directly at the address below for further information.

11 smoke stacks from hell spewing carbon monoxide, carbon dioxide and other cancer causing air pollutants into the air. The Quail Brush gas generated power plant is not just at the city dump in some secluded place called Sycamore Canyon. The Quail Brush power plant is a couple blocks from Santee little league baseball fields, West Hills High School, hundreds of homes and will adversely affect the entire Santee valley. It also borders Mission Trails Regional Park which includes Cowles Mountain and scenic parts of the San Diego River. This treasured natural parkland belongs to every citizen in San Diego county. There is no argument that will take away the adverse health affects this proposed power plant will have on the population surrounding it. No matter how much land is promised to expand Mission Trails Regional Park the toxic pollution will still be there! Our elected public servants on the San Diego and Santee city councils should stand up and protect the citizens and park lands against the obvious pollution Cogentrix will bring if this power plant is built.

Diana,

We'll have a new location next week, so don't give up on attending this very important meeting to connect with others who want to fight this monster. Please keep checking this site for the update on location.

Quail Brush Generation Project

ISSUES IDENTIFICATION REPORT

This report has been prepared by the California Energy Commission staff to inform the Quail Brush Generation Project (QBG) Committee and all interested parties of the potential issues that have been identified in the case thus far. These issues have been identified as a result of staff's discussions with federal, state, and local agencies, and our review of the QBGP Application for Certification, docket number 11-AFC-3. The Issues Identification Report contains a project description, summary of potentially significant environmental issues, and a discussion of the proposed project schedule. Staff will continue to address these issues and inform the Committee about progress made towards their resolution by submitting monthly status reports to the Committee.

Comment

The Quail Brush Generation Project is proposed to be developed on a 21.6-acre parcel, located in the City of San Diego, California. The proposed site is located west of the City of Santee, south of the Sycamore Landfill and north of State Route 52. The proposed project is a nominally rated 100-megawatt (MW) intermediate/peaking load, electrical generating facility that would employ a set of eleven (11) natural gas-fired, reciprocating, Wartsila engine generators. The major features of the project include the following:

- Eleven (11) nominally rated 9.3 MW (gross) Wartsila model 20V34SG, natural gas-fired, reciprocating engines;
- Eleven (11) separate, state-of-the-art, air pollution control systems representing Best Available Control Technology (BACT);
- Eleven (11) approximately 48-inch diameter x 100-foot tall stacks, each with a separate continuous emissions monitoring system (CEMS);
- Acoustically engineered building enclosing all 11 reciprocating engines;
- Closed loop cooling system consisting of multiple fan-cooled radiator assemblies outside of the engine building;
- One (1) 20,000 gallon urea storage tank;
- One (1) 600,000 gallon fire water tank and associated fire water system;
- One (1) 10,000 gallon domestic water storage tank;
- Onsite 230kV facility switchyard including switchgear and the main voltage step-up transformer, circuit breakers, and disconnects;
- Approximately 1 mile of 230kV single-circuit electric transmission line between the project and the anticipated point of interconnection (POI) to the existing San Diego Gas & Electric (SDG&E) Miguel to Mission 230kV transmission line situated west of the plant site;
- New SDG&E 230kV utility switchyard at the POI configured as a linebreak of the existing SDG&E 230kV transmission line that will include circuit breakers and disconnects, an access road; and
- Approximately 2,200 feet of 8-inch diameter natural gas pipeline lateral between the project site and the existing SDG&E 20-inch diameter high pressure natural gas pipeline located across Mast Avenue from the landfill entrance and associated onsite metering station.

If the proposed project is approved by the Energy Commission, the applicant plans to construct the project in approximately 18 months. Construction of the generation plant, from mobilization, through site preparation and grading, to the start of commercial operation, is proposed to take place from March 2013

until June 2014.

**POTENTIAL MAJOR ISSUES**

This portion of the report contains a discussion of the potential major issues that staff has identified to date. Discovery has not yet taken place and potentially interested parties have not yet had an opportunity to identify their concerns. The identification of the potential issues contained in this report is based on comments of other government agencies received to date and on staff's judgment of whether any of the following circumstances will occur:

- Potential significant impacts which may be difficult to mitigate;
- Potential areas of noncompliance with applicable laws, ordinances, regulations or standards (LORS);
- Areas of conflict between the parties; or
- Areas where resolution may be difficult or may affect the schedule.

The table on the following page lists all the subject areas evaluated and notes those areas where major issues have been identified. Although most technical areas are identified as having no potential issues, it does not mean that an issue will not arise in the future. In addition, disagreements regarding the appropriate conditions of certification may arise between staff and applicant that will require discussion at workshops and potentially during subsequent hearings.

|                                      |                                    |             |              |
|--------------------------------------|------------------------------------|-------------|--------------|
| Major Issue                          | Subject Area                       | Major Issue | Subject Area |
| No Air Quality                       | No Noise and Vibration             |             |              |
| No Alternatives                      | No Paleontological Resources       |             |              |
| Yes Biological Resources             | No Public Health                   |             |              |
| No Cultural Resources                | No Socioeconomics                  |             |              |
| No Efficiency and Reliability        | No Soil Resources                  |             |              |
| No Facility Design                   | No Traffic and Transportation      |             |              |
| No Geological Resources              | No Transmission Line Safety        |             |              |
| No Hazardous Materials               | No Transmission System Engineering |             |              |
| No Worker Safety and Fire Protection | No Visual Resources                |             |              |
| Yes Land Use                         | Yes Waste Management               |             |              |
| No Project Description               | No Water Resources                 |             |              |

This report does not limit the scope of staff's analysis throughout this proceeding, but acts to aid in the identification and analysis of potentially significant issues that the QBGP project poses. The following discussion summarizes major issues, identifies the parties needed to resolve the issue, and outlines a process for achieving resolution.

BIOLOGICAL RESOURCES  
BACKGROUND AND MAJOR ISSUE

The QBGP may impact the Quino checkerspot butterfly (QCB), a federally listed endangered species. Surveys for the QCB were not conducted prior to submission of the Application for Certification. According to the U.S. Fish and Wildlife Service QCB survey protocol, surveys are required for this project. Surveys can start as early as February 2012 and continue until late May or early June. The project's nitrogen oxide (NOx) emissions are a source of nitrogen deposition that may indirectly and cumulatively impact regional QCB habitat and occurrences. To develop the staff assessment and conditions of certification, staff requires protocol level surveys to confirm the presence or absence of QCB at the project site and in the region. Potential impacts and related mitigation measures cannot be determined until the protocol surveys are complete. Staff will continue to work with the U.S. Fish and Wildlife Service, the California Department of Fish and Game, the city of San Diego and the applicant to address the issue.

LAND USE  
MAJOR ISSUES

The proposed QBGP is inconsistent with several of the city of San Diego's laws, ordinances, regulations, and standards (LORS). The project currently conflicts with: the East Elliott Community Plan, which designates the site as Open Space; the General Plan, which designates the site as Park, Open Space, and Recreation; and the Municipal Code, which designates the site's zoning as single-family residential (RS-1-8). In order for the project to be in compliance with these LORS, the applicant would need to obtain a community plan amendment, a general plan amendment, and a rezone from the city of San Diego. The proposed QBGP is also located within the city's MultiSpecies Conservation Program (MSCP) Subarea Plan, with which it is incompatible. In order for the project to be in compliance with the Subarea Plan, the applicant would need to obtain from the city a boundary line adjustment of the Multi-Habitat Planning Area to exclude the project site. Further potential issues with applicable local LORS include: the project's compliance with the city's Environmentally Sensitive Lands Regulations; and the project's consistency with the Mission Trails Regional Park Master Plan Update, which identifies a trail at the northeast corner of the project site. Energy Commission staff will continue to investigate these issues and coordinate with the city of San Diego's staff regarding the city's review of the applicant's proposed amendments, rezone, boundary adjustment, and project compliance with other city LORS. With regard to the Mission Trails Regional Park Master Plan Update, Commission staff will coordinate with the city's Park and Recreation Department and the Mission Trails Regional Park Citizens Advisory Committee on this issue.

**Waste Management****BACKGROUND AND MAJOR ISSUE**

The QBGP's proposed site is located on the former Camp Elliot. Camp Elliot was a former marine, navy, army and air force training base. Camp Elliot is included in the Defense Environmental Restoration Program for Formerly Used Defense Site (FUDS). Previous live-fire artillery training at Camp Elliot has resulted in the presence of military munitions (MM), including munitions and explosives of concern (MEC), within the East Elliot Camp area. MEC consists of two distinct types of military munitions with unique explosive safety risks: unexploded ordnance (UXO) and discarded munitions (DMM). UXO are items that were fired or dropped but remain unexploded and thus present a hazard to people who use the area. The United States Army Corps of Engineers (USACOE) has conducted various surface and subsurface clearances in the Camp Elliot area since 1984. The USACOE is currently developing strategies to prepare a remedial investigation and feasibility study in the Camp Elliot area in the near future. Staff has recently started participating in meetings with USACOE concerning the remedial investigation and feasibility study, and staff is in the process of determining if there are additional federal permits or procedures that could potentially delay staff's proposed schedule for the QBGP.

**SCHEDULING**

Following is staff's proposed schedule for key events of the QBGP project. Meeting the proposed schedule will depend on: the applicant's timely response to staff's data requests, the timing of the San Diego Air Pollution Control District's (SDAPCD's) filing of the Final Determination of Compliance, determinations by other local, state and federal agencies; and other factors not yet known. The SDAPCD will need to provide a Preliminary Determination of Compliance (PDOC) and a Final Determination of Compliance (FDOC). Prior to the publication of the Preliminary Staff Assessment (PSA), staff prefers to have a PDOC from the air district; and an FDOC before staff publishes the Final Staff Assessment (FSA).

**ENERGY COMMISSION STAFF'S PROPOSED SCHEDULE****QUAIL BRUSH GENERATION PROJECT (11-AFC-3)****ACTIVITY Calendar Day**

- 1 Application for Certification determined to be "Data Adequate" at Commission Business Meeting 11-16-11
- 2 Staff files Issues Identification Report 01-13-12
- 3 Information hearing and site visit 01-25-12
- 4 Staff files 1st Round Data Requests 02-03-12
- 5 Applicant files Data Responses (round 1) 03-05-12

I have e-mailed my opposition.I agree with you completely.This is such a travesty. It affects so many people in San Diego county, not just Santee. The people behind this should be made public so the citizens can research the benefits they reap in this decision personally!!!!

Hi,  
I found some maps in the Mission Trails draft master plan (June 2011). Others may have a better source, perhaps from the city or the CEC, but these maps noted here do show property owners:  
<http://www.ktuaprojects.com/mtrp/mtrpdolist.html#PW3>  
Also, review Steven Goldfarb's letter to the CEC (Feb. 21) at the CEC – Quail Brush site (see link at home page, and go to Documents, Intervenors/Others) for history of ownership/zoning of this land.

The power plant company professes transparency, but what good is transparency when coupled with invisibility? The proposed power plant site is on San Diego property, but Santee is immediately adjacent to and downwind. The company could have provided real transparency from the start by informing us via signs at Santee gateways (such as West Hills Blvd./Mast Blvd) and a flyer mailed to Santee residents. This hasn't happened, so it's up to us to get the word out NOW!

Hi Pat,  
About a dozen of us canvassed the West Hills area of Santee this past Saturday. We'll be out doing more this coming Saturday, and we'll be at the meeting tonight. This is pretty much the only way people are hearing about this so far...flyers and word-of-mouth...

The location of this plant is wrong. You don't put an industrial power plant adjacent to and in full view of visitors to a regional park and natural preserve that's the gem of San Diego, and close to homes and schools (less than 1000 yards).

The basis of some of their calculations are flawed, Goldman Sachs has skewed the basic calculation by claiming the area is all rural, with some sage brush and "no urban coefficients required" for the air quality calculations. This is from their Air Quality Report. Air Data was taken from upwind as well.

- Let's all do whatever we can do! Everyone can do some part in stopping this—we're all counting on one another to make this opposition LOUD & CLEAR!
- Attend the Tuesday meetings or if you can't, see "Spread the Word" and extend this campaign further. That's the point of this website. Take actions listed on the flyer if you're home-bound & can't make it to events. Get to the events if at all possible—people presence is powerful!! Thank us by working on your own goal of spreading it & drawing in supporters! How many more neighbors, friends, associates, businesses can you make aware of this to SAVE SANTEE!

this proposed plant at the December 2011 Mission Trails Regional Park Citizen's Advisory Committee Meeting. Recently, this SSPP member applied for a vacated seat on the MTRP CAC, in order to serve as a true public watchdog, but it appears that a shoe-in may have been seated on the committee.

But that's only one instance of curious activity – and also curious inactivity – that we've encountered. Our elected officials and government at all levels have shown no compunction about the hushed/rushed aspect of this proposed plant. As we work furiously against the clock at this "late hour" to get answers & prepare to stop this: They are passing the buck and each pointing in a different direction, while Sempra/Goldman Sachs-Congentrix sail smoothly forth through the Calif Energy Commission (CEC), San Diego City/County departments, MTRP and City of Santee. Well, at least the CEC has given some honest advice: prepare to aim at a moving target.

Please remain involved and spread the word. This is what goes on, when the public "sleeps".

PLEASE DO EXACTLY AS INSTRUCTED ABOVE. EMAIL DIRECTLY OR FAX.  
LEAVING A REPLY HERE DOES NOT CONVEY YOUR OPPOSITION TO THE SD PLANNING COMMISSION. After doing this, please leave a comment to tell us you've submitted an email or fax and let's tally up and ramp up the public support to STOP THIS REZONING BY THIS THURSDAY!

I thought that Randy Vopel (?) said at one of the meetings that all you had to do was post it like any other political sign, at a place where you could stake it into the ground, and that you really didn't need a permit.

Marti Emerald, Council member District 7: (619) 236-6677 or [martiemerald@sandiego.gov](mailto:martiemerald@sandiego.gov)  
<mailto:martiemerald@sandiego.gov> .  
<http://www.sandiego.gov/citycouncil/>

"I urge you to help stop the rezoning of Open Space to Industrial for the 'Quail Brush Power Plant' in the Santee area. This natural gas burning facility belongs in an already-industrial-designated area — not in a high fire-danger zone that will impact San Diego's nature preserves and hiking trails. Please add your voice to our cause and stand up to stop this!"

They don't need this monstrosity with 1100ft. smoke stacks!!! Not in our community and certainly not in the proposed build site next to sensitive habitat. (Mission Trails Park). This is a poorly thought out plan and didn't include the residents input prior to coming up with the planning. Every resident in Santee I have talked to rejects this plan and cannot believe that they have picked this site, when SDG&E just erected it's new Sunrise Transmission Link. Certainly they could place this powerplant in the desert next to the new lines just built where nobody would object to this cause nobody would be harmed in so many ways such as health concerns, and property values, and contamination of a sensitive habitat area.<br><hr/> <b>Last Name</b> cook<br><b>Address</b> [redacted] | 2012-03-18 @ 4:30:07 PM  |

| <input type="checkbox"/>  <b>Robert</b><br>68.7.184.242<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a> | <b>Petition Signup</b><br>RE: Quail Brush Generation Project Dear Mr. Solorio, The purpose of this letter is to bring attention to the Quail Brush Generation Project and the major concerns that it brings to the residents of the City of Santee. The proposed project site by the applicant, Genco, LLC and the parent company Cogentrix Energy, LLC who are working in collaboration with both San Diego Gas and Electric Company, and the City of San Diego, purports to have over 21 acres of County designated parklands rezoned for a project that is generally reserved for a heavy industrial area. The scope and size of the proposed Quail Brush Generation Project very simply, does not belong within yards of any community's residents, adjacent schools, playgrounds, or anywhere within the immediate vicinity of a heavily used pristine regional park. It is the hope of the residents of Santee and San Diego East County, that you are accurately able to collect, analyze, and visualize exactly what is at stake especially for this local community of over 55,000. The project proposed by Genco-Cogentrix, SDG&E, and the City of San Diego demonstrates a lack of responsible civic minded planning from every aspect there is to consider, with the exception for being the most profitable solution. The vast majority of citizens realize there is a need for a long term energy solution because of limitations in the reliability of current renewable green energy resources. However, economic sense should never be allowed to be placed ahead of the health or the socioeconomic well being of the people intended to be served. The land may technically belong to the City of San Diego, but there is no question the facility that is being proposed would immediately become the City of Santee's nightmare with irreversible consequences. If the Quail Brush Generation Project is not misguided enough | 2012-03-18 @ 2:28:59 PM |

on the rezoning condition alone, consider the proposed site includes installing: 11 natural gas fueled internal combustion engines, 20 pistons each with cylinders exceeding 13 inches in diameter, a combustion displacement of 44,323 cubic inches per engine cycle, multiplied by the output of 11 engines with exhaust smoke stacks each 4 feet in diameter, towering 100 feet in height, and perched on the slope of a downwind southeast facing hillside. This giant landmark industrial facility with it's smoke plumes would be situated literally at the front doorstep of the City of Santee, Mission Trails Regional park, and the neighboring homes and schools. Even if City of San Diego public authorities approve the proposed land amendments for the Applicant, it clearly remains an improper land use issue with an abundance of causes for drawn out expensive legal actions that all San Diego County tax payers cannot afford. Combined with the highly contrasting and striking visual impact, noise, the pollution that would be forced into the air directly overhead of Santee and the enclosed valley downwind, should all be viewed as major problems, as well as numerous other negative environmental and financial impacts on our citizens, property values, and wildlife. These long term consequences would in fact be realized by several East County communities if the proposed Quail Brush Generation power plant is constructed. The proposed site should not be considered an appropriate location for the Quail Brush Generation Project. Please vote: "NO PROJECT ALTERNATIVE that uses conservation as a strategy" If the City of San Diego and SDG&E remain intent on installing this extremely large power plant, I am calling on all the principles including our civic leaders with critical decision making authority who may be working behind the scenes, to closely examine more suitable sites already in established heavy industrialized areas, such as near the City's Miramar Landfill where it is virtually uninhabited. It should be old fashioned common sense that proposing a facility of this nature and of this magnitude in a residential zone on top of homes, parks and schools is simply not the right thing to do, or should even be remotely up for consideration. Respectfully, Robert Cook

Please put a stop to this project on this site. The health of the residents of Santee and El Cajon are depending on it. QUAIL BRUSH COMMUNITY PLAN AMENDMENT INITIATION –PROJECT NO. 2011-04 The Quail Brush project conflicts with the following documents: the East Elliott Community Plan, which designates the site as Open Space; the General Plan, which designates the site as Park, Open Space, and Recreation; and the Municipal Code, which designates the site's zoning as single-family residential (RS-1-8). Cogentrix wants to amend the Community and General Plan by initiating a rezoning from residential to industrial in open space area that was designated to be protected. What is the specific justifiable criteria for initiating this change? Why is the city of San Diego even considering making changes to these plans and it's own codes at the expense of the surrounding communities and federally endangered species that live there? Is the building of the 11, 100 ft stacks, using technology that is dated and inefficient, far more important than our quality of life, health of our seniors and children, and the peace and tranquility that the Mission Trails Regional Park has provided since around 1962? Since the park was a 2000 acre gift from the Federal Government to be used for open space supporting the residential community, shouldn't the city of San Diego at least entertain the thought of supporting the federal government's mandate to move away from fossil-fuel based energy and instead look to solar energy? Solar panels on rooftops will harness surplus galore since San Diego gets abundant sunshine year round. We OPPOSE this initiation and demand its withdrawal. We, the people are watching our cities' actions closely now and will find it suspect should the city of San Diego's Planning Commission vote to allow this permanently damaging change so that a power company can place their plant in a location that is most convenient and cost effective for them so they can increase their gross profits at the communities' expense in every conceivable way.

I am mailing one to Randy Voepel himself. I also emailed this to the main address so hopefully it goes through, thanks again! 3-17-2012 Debra Carroll 9236 Lapeer Ct Santee CA 92071 RE: Santee Power Plant PROTEST Randy Voepel 10601 Magnolia Ave. Santee, CA 92071<br>Dear Randy I'm sure this comes as no surprise to hear from a resident but I feel I must stress the urgency of this issue. I don't think it's right to throw in the towel and say Santee basically has no control over what San Diego does with regard to the proposed power plant. Someone needs to ask us what we think but since nobody cares about what Santee Businesses and homeowners have to say, I thought I'd give it a shot. I have been in Santee for almost 10 years and the neighborhood has grown over the years into a very lucrative and highly desired place... to live and work, right now. We, like many dreamed of raising our children in a nice community. To quote you we are the "La Jolla of the East" except when it comes times for prisons, dumps and power plants? If this plant | 2012-03-17 @ 3:11:05 PM |

comes to town I will be forced to sell my home that we put our blood, sweat, tears, and most importantly MONEY into for the last 9 nine years! You can assure that what I say goes for all families in Santee, and what a difference it would make if we all wrote to our local congress of protested this hideous proposal. I am one of those people who write to voice my opinions and concerns because unfortunately the public has to get involved when congress does nothing to protect us. It is a horrible shame that they could allow anything like this to be so close to housing and schools/business's etc. when statistics show increased levels of radiation from these types of plants that seriously compromise the health of the towns' people. In other words we have a higher chance of getting cancer. I already lost my brother recently and then my mother to cancer. The concerns of the people need to be addressed. This is OUR town! I AM FROM MASSACHUSETTS (which is why I have no problem speaking up) WE HAVE A POWER PLANT IN A TOWN CALLED PLYMOUTH. Due to that plant, housing has always been dirt cheap and nobody I ever knew wanted to live in Plymouth. The town has a bad rep and housing costs are very low compared to towns immediately next door. You can do the research yourself and see how obviously affected a town becomes once there is a power plant is there. You say you oppose the plant but are you willing to fight for us? What sense does it make to allow harmful chemicals to poison your people? Let's remember who pays your salary and who you city council members work for! WE THE PEOPLE have more power when we stand together. THIS POWER PLANT WILL WILL WILL (did you hear me?) severely depreciate the values of homes and businesses in Santee leaving residents stuck in homes that nobody will want after the plant is built. In turn this will affect the whole economic strength that we have worked for so long and so hard to build here in Santee. And any hope of increasing home values over the years for current home owners will be lost. Everything is about money and it's sickening as it is that /what's most important to us is never as important as the money the city will make if they let the plant be put there. We are stuck with a prison, and a stinky landfill, now you want to give us all cancer and destroy our towns pride, and value. Are those of us in Santee, especially people like me in Carton Hills going to somehow be compensated for the difference in the home values once they drop as a result of this plant? Of course NOT! A power plant has no business

being anywhere near a residential neighborhood. It's unhealthy and PLAIN STUPID!!! And you can bet as an avid writer in this community I will not only will I be organizing protests but I will be writing letters to everyone. This a very serious matter and needs to be dealt with in such a manner rather than a haphazard, inconsiderate way. There is plenty of land that is in San Diego county that is away from homes. OUR HOME VALUES WILL DROP and we WILL be living in an unhealthy environment. Of course this probably means nothing to people who don't live here. The sad reality is that in San Diego residents get maced in the face and thrown in jail for standing up for their rights which is a violation of our civil rights and freedom of speech. I am disgusted at this proposal and hope somebody comes to their senses. READ THIS LINK TO SEE HOW LIVING NEAR A POWER PLANT PUTS YOU AT A HIGH RISK OF DEVELOPING CANCER. As if you don't already know. STATISTIC PROVE IT, WE CANNOT LET THIS PASS! The city has a responsibility to its people you need to do the right thing which is stand up for us, this is your town and your show. We voted you in because we knew you have what it takes to fight and I certainly hope you stand up and do right by our community with regard to this issue. We have asthmatics in the family and I have a 3 year old child who has right to breathe clean air. My 70 year old father left MA to come here specifically for the better air quality, now we don't know what we'll do.

Who thought building a power plant right next to a high school was a good idea? Not to mention the houses close by. I drive on Mast Blvd and 52 every day, and the last thing we need is construction adding to the already heavy traffic.

Not to mention destroy the beautiful views that have made Santee the place it is today. The area chosen, is the only open area of land, and is next to a School, neighborhoods, the San Diego river, a park, and hiking trails. The idea of putting a power plant in Santee is completely ludicrous. Only a brain dead idiot would even suggest such an thing. Do Not make Santee into a small L.A., of the 80's and 90's.</div> <div></div> <div><div>Last Name</div>Charbarneau</div> <div><div>Address</div>ve. apt. #5</div> |      |

| <input type="checkbox"/> | <div> Ross</div> <div>al.net<br/>74.7.250.57<br/>http://stopthesanteepow<br/>erplant.org/sign-<br/>the-petition/</div> | <div><b>Petition Signup</b></div> <div>I spend a lot of time on the trails around San Diego and have seen the negative effect that construction can have on the environment. I can't imagine how much a power plant will ruin Mission Trails, and Mission Trails is one of Santee's few treasures. The city should do everything it can to protect that space, and shouldn't allow a power plant to be built so close.</div> <div></div> <div><div>Last Name</div>Makoske</div> <div><div>Address</div>San Diego CA 92123</div> | <div>2012-03-16 @ 9:37:21 AM</div> |

Stop building these type of power plants only in blue collar neighborhoods.  
Install solar panels on every building in San Diego county and we would'nt need these type of power plants.

I am very much against this project as a part of this community! I am disgusted that we weren't even given a chance to vote against this abomination of a project!

| <input type="checkbox"/> |  <b>Craig</b><br>...ail.com<br>68.8.195.123<br><a href="http://stopthesanteepow...erplant.org/sign-the-petition/">http://stopthesanteepow...erplant.org/sign-the-petition/</a>   | <b>Petition Signup</b><br>There must be a lot of money filling officials pockets and campaign coffers for this patently idiotic idea of building a natural gas power plant within a wildlife preservation area and hazardous fire zone, very close to a high school and negatively affecting the entire population of 56,000 people in Santee, CA. Then I come to find out that the slimy tentacles of Goldman Sachs, the purveyors of economic piracy, are lurking under the depths of this deal. Now I'm certain there will be several pay-offs to promote this monstrosity along with plenty of "expert" testimony and biased impact studies that prove opposing concerns are unfounded. Then, there is the unmitigated hypocrisy of allowing this perpetual spewer of toxic waste and noise pollution into people's backyards while putting the screws to much smaller and temporary polluters via restrictive regulations and fines. I guess if you have enough money to throw around you can get a free pass on environmental compliance. The nonsense of this proposed project is so clear that only graft and revenue enhancement can explain it moving forward. | 2012-03-15 @ 12:04:20 AM |

It is adjacent to Mission Trails Park, a land used by many for walking, biking, enjoying nature, etc. High noise levels would destroy the tranquility of this regional asset. It would violate numerous land use plans/regulations and would be an unacceptable health risk and eyesore to Santee and nearby Tierrasanta residents. It must be rejected. Thank you, Ryan Hartegan<br><hr/> <b>Last Name</b> Hartegan<br><b>Address</b> 7000 ... Encinitas CA, 92024 | 2012-03-14 @ 4:55:37 PM |

| <input type="checkbox"/> | <b>Marsha MacDonald</b><br>68.7.76.234<br><a href="http://stopthesanteepowerplant.org/contact/">http://stopthesanteepowerplant.org/contact/</a>            | <b>[Stop the Santee Power Plant] Contact</b><br>I wrote the below to the planning commision today re the power plant. It is heartbreaking to think that such a power plant would be located near such a pristine nature preserve, let alone near homes, and a high school. I simply do not understand. When I moved to Santee 12 years ago, I was not informed that the house I was about to purchase was soon going to have the 52-freeway next to it. Later, when certain issues surrounding the freeway were brewing, I wrote to the city of Santee about the concerns of real people living in the neighborhood off of Prospect, that we all felt so forgotten simply because we lived in an area zoned for light industry near an airport and next to a run-down trailer park. But we mattered! I wrote of my chronic illness, my father's recent death, losing my job of 9 years on the heels of divorce. I wrote that we have real lives like anyone and were not just to be forgotten in the matter of the freeway. The response I got was something I will never forget. Such warmth, care and gratitude that I reminded them that the few homes in my area were inhabited with people, just like those on the city council, just like those at Caltrans. They then realized and thanked me for reminding them that we are real people with real lives, real feelings, real hearts, real aspirations, real dreams. After that, we were much more included in discussions and decisions about the 52 freeway | 2012-03-14 @ 8:37:54 AM |

coming through. The issue of the powerplant is an even greater issue. It made sense for the 52-freeway to be situation where it is! And it runs next to my house now! So I undertand it in spite of the trauma I went through first learning of it's planned placement, then later being on disability when Caltrans said they were going to take my house for the freeway after all (they ultimately could not do so due to budget) BUT it makes NO sense for the powerplant to be placed where it is currently planned to be situated (other than who owns the land there). It should be in an area away from a pristine nature preserve--away for deer, coyotes, rabbits, etc, let alone the people who hike, bike, and run there. It should be away from houses and those with health issues. It should be in a heavy industry area (there is one in east santee/west lakeside where I can picture it perfectly). It just baffles me how anyone could put this powerplant where it is slated to be built. I doubt anyone planning this would want it near their home. The 52-freeway had to go where it was to connect to ohter freeways and due to it's planned area largely zoned for light industry. It made sense. But the power plant and it's toxins near a school, nature preserve, and homes? It is a heartbreaking, mind-boggling, outrage. Thank you, Marhsa Jean MacDonald Molecular Biologist marshajmac@cox.net I oppose the rezone of Open Space to Industrial for the 'Quail Brush Power Plant' abomination. Please deny the CPA initiation!

I work in santee and my children go there. I dont want to breath toxins plus it will make the city ugly and lower properties, not to say; how healthy is it?? to have those toxins in this valley.. you want more energy put wind turbines healthier and cleaner.. this will the worst idea anyone has came up with... Come on people get you act together now.. This is are health, furture, and its not this!!!! COME UP WITH ANOTHER SOLUTION!!!!

We live in a community that is tight-knit. Our community has a love for the schools and the city. We are proud of our parks and recreation.. We are growing in business and are becoming a place to go for shopping and eating. This power plant can not be approved. It is a horrible choice and will effect animals, plants, and the people that live in Santee. I beg you to reconsider your location.</p> <hr/> <div><b>Last Name</b> Boulais<br/><b>Address</b></div> | 2012-03-13 @ 10:08:46 PM |

We moved to this community because of the tranquil area and its close proximity to Mission Trails Regional Park. This proposed power plant would severely impact the sensitive land in and around Mission Trails, and Sycamore Canyon. This power plant has no place in our community. It would only increase noise levels and introduce harmful contaminants into our community that I have grown to love. I respectfully ask that you stop any future plans to build the Quail Bush Power Plant.</p> <hr/>  | 2012-03-13 @ 10:04:58 PM |

We live in a valley (bowl) and to put a power plant in an area that would cause damage to our health, the wild life and our community. It will bring down home prices in an already low economy and drive up crime and vacant property as people will move out to preserve their health. I dont want to raise my children in a city where it would bad for their health and to just be outside you would need a respirator to filter out the bad air. I AM AGAINST THE POWER PLANT IN SANTEE. KEEP OUR NEIGHBORHOOD CLEAN AND SAFE FOR MY FAMILY AND KIDS FUTURE.</div> <hr/> | 2012-03-13 @ 6:59:49 PM |

| <input type="checkbox"/> |  <b>Patty</b><br><a href="mailto:patty@mooney.com">patty@mooney.com</a><br>68.7.122.42<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a> | <b>Petition Signup</b><br>Mission Trails is part of San Diego's true " Golden Triangle" - Cowles Mountain and Lake Murray being the other two corners of that triangle. My husband and I have enjoyed hiking and mountain biking this area over the last 30 years. We found a house nearby so we could go there at least twice a week for our emotional and physical well being. Over our decade here, the population using our park has grown exponentially. Thousands of people come every weekend. A power plant right next to Mission Trails is a very ill-conceived (greedy) idea. I am going to alert my neighbors about it this very minute. <hr/> <b>Last Name</b> Mooney<br><b>Address</b> | 2012-03-13 @ 4:26:02 PM |

Tell me how to help stop it from being built. There are so few open spaces near cities such as Santee....the boulders are what I want to see, the green hills are what I want to see. When I look out my window, I do not want to see a power plant!<br><hr/> <b>Last Name</b> Spratt<br><b>Address</b>  | 2012-03-13 @ 10:57:05 AM |

| <input type="checkbox"/>  <b>Chris</b><br>[redacted]<br>cpedersen113@cox.net<br>207.114.139.254<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a> | <b>Petition Signup</b><br>I live just around the corner from where the proposed site is, and feel that it is too close to our neighborhoods, schools, and nature areas. The noise and emissions would affect not only the people well being, but would also affect the serenity of the nearby Mission Trails preserve. I have already experienced the affects of the having the Sycamore waste/landfill that has brought odor and airborne dirt to my home, and roadside trash spillage and traffic to our roads. To have more odor and noise coming from that area is not acceptable. Find another location away from my area.<br><hr/> <b>Last Name</b> Pedersen<br><b>Address</b> [redacted] 8921 Pebble Beach Dr | 2012-03-13 @ 10:01:52 AM |

With the age of technology and the evolution of "clean energy" options, a power plant is NOT needed. If it is absolutely necessary, the location of this power plant should be put in an area where is doesn't impact the environment and the community. The high school is right across the street and the harmful pollutants will create health issues for our youth. I, as a Santee resident and Local General Contractor that builds Solar Energy projects, strongly disagrees with this plan and will fight it to the end.<br><hr/> <b>Last Name</b> McCarthy<br><b>Address</b> [redacted] | 2012-03-13 @ 8:14:29<br>AM |

Rooftop solar is the answer - just look at Santee Lakes and Kohls as working examples right here in sunny Santee. Leave our open spaces just as they are! They were set aside to be enjoyed by the public. Do not change or amend for industrial purposes! We have reported smelling garbage from the landfill in the past. We do not need another source of pollution in the area. There are several schools in the area where children will be adversely affected daily, along with residents and recreationists.</p> <hr/> <p><b>Last Name</b> Baker</p> <p><b>Address</b> 10217 Strathmore Dr. Santee, CA 92071</p> | 2012-03-12 @ 11:27:28 PM |

As I walked around the West Hills High School, I noticed its many baseball fields teeming with kids of all ages. I simply could not imagine how anyone could get away with building a power plant right across the street! Nor could I imagine how the City Council would allow for something like this to undermine all the investments that have gone into making this city a healthy, vibrant place for all its inhabitants, young and old--a city whose very appeal rests on it's many natural treasures.</p> <hr/> <p><b>Last Name</b> Wu</p> <p><b>Address</b> 6035 Calle del verde, Santee CA 92071</p> |                          |

I installed solar panels on my roof to do my part to curb the construction of more highly-polluting coal plants. Santee sits in a valley and anyone can see how the morning fog clings to the valley floor when the natural inversion layer is present. It takes little imagination to foretell what horrible smog will afflict our city as a result of the proposed plant. No, no, no.</p> <hr/> <p><b>Last Name</b> Bruton<br/><b>Address</b> 9256 Allano Way, Santee, CA 92071</p> |                         |

| <input type="checkbox"/>  <b>Danielle</b><br>danielle26@yahoo.com<br>99.44.38.94<br>http://stopthesanteepowerplant.org/sign-the-petition/    | <b>Petition Signup</b><br>There is absolutely no way that this will happen without a fight from the people of Santee. I am 100% AGAINST this power plant and will literally camp out in the proposed build site if they try to build this. It makes me so sad to think that people do not appreciate the beauty of Mission Trails, and by putting a power plant right next to it, the natural beauty and excitement of the area will be ruined.<br><hr/> <b>Last Name</b> Marriott<br><b>Address</b> 9545 Medina Dr                                                                 | 2012-03-12 @ 8:11:20 PM |
| <input type="checkbox"/>  <b>Zbigniew</b><br>toronczak@yahoo.com<br>70.181.189.217<br>http://stopthesanteepowerplant.org/sign-the-petition/ | <b>Petition Signup</b><br>I can't believe that someone wants to build a power plant right at the edge of the valley where two cities, Santee and El Cajon, are located. This plant will generate toxic air pollution, which will stay in the valley where 150,000 people live. On hot, windless summer days, it's already bad enough to breathe pollution generated by cars. Adding even more pollution from this industrial project would create a health risk for all Santee and El Cajon residents. Therefore, this project must be stopped!<br><hr/> <b>Last Name</b> Toronczak | 2012-03-12 @ 8:02:52 PM |

| <div><input type="checkbox"/>  <b>Patricia</b><br/><br/>om<br/>72.199.199.32<br/><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a></div> | <b>Petition Signup</b><br>First of all, I am shocked that this entire project was approved and begun so secretly. I only recently learned about this issue. Building this plant so close to my and my children's home, and near schools, is completely unbelievable! The beauty of Mission Trails Park will be devastated and will endanger plants, animals, and of course people!! Please help stop this destructive project. <hr/> <div><b>Last Name</b> Melton<br/><b>Address</b>  CA 92071</div> | 2012-03-12 @ 4:20:44 PM |

I absolutely do not want my family living nearby a power plant! I do not want to see, smell, or hear the power plant where I, my family, and my neighbors live! It's bad enough that we have the dump and the women's detention facility—now a power plant! This is an OUTRAGE!                                                                                                                    | 2012-03-12 @ 4:11:44 PM |

This thing is a monster! You're trying to replace the Chula Vista plant and put it right on our doorstep. This is not going to happen. Put it somewhere else. There are plenty of places available for this sort of thing that won't be destroying a residential area if not entire city! What are you people thinking? Are you insane? Stop this now before you waste a bunch of your time and ours. | 2012-03-12 @ 2:55:03 PM |

Law abiding, working, and mortgage paying homeowners are currently struggling in a current economy that is eroding the ratio of their mortgage to house values. Many have already turned upside down making what was once an investment toward retirement, now a liability and a financial albatross around their necks. The further addition of a reduction in house values, again by means beyond the control of the wage earning, mortgage paying homeowner, is absolutely abhorrent.

In case anyone else is interested: I went to the City of Santee's website and e-mailed the Mayor, the Vice Mayor, and entire City Council. From that page, you can also reach the websites of our other elected officials--senators and congressmen. I e-mailed them, too.

Aside from the health hazard and construction nuisance, the plant would be an eye sore. I have a clear view from my home all the way to Cowles mountain-- I do NOT wish to see 11 100-foot tall smoke stacks every time I look out my bay window. This is a bad idea. Use the land for something else or, here's a novel idea: Leave it ALONE! |                            |

Santee is a small community that is wonderful for families to live in. This would be right across from a beautiful natural park land. Why can't this be built farther out of town? I do not want this built in Santee!!!!<br><hr/> <b>Last Name</b> bond<br><b>Address</b>  , CA 92071       | 2012-03-12 @ 9:08:30 AM |

| <input type="checkbox"/>  <b>Patricia A.</b><br><br>66.7.178.73<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a>        | <b>Petition Signup</b><br>This is absolutely ridiculous & find it very detrimental to not only our property value's but to our health. There is enough pollution in the air here that blows in from San Diego & other city's not to mention our own. We sure don't need anymore added to it. Living on a mini thoughtfare, I sure don't need to breathe more polluted air than I already do! Come on, give our once small quiet community a break! Enough is enough!! | 2012-03-11 @ 6:11:08 PM |

I have a family of my own now, a young, growing family. I don't want my children to grow up breathing in more toxins than what is already in the air; which is bad enough as is. Why make it worse? I don't want to leave this beautiful community. It's surrounded by nature. To have that masked over by the pollutants this plant will produce is a shame. If San Diego wants a power plant so bad, why not make it a green power plant; i.e.: a solar panel farm of some sort? If they really want a pollutant then don't place it near another city that will be affected by it's output and not able to do much about it. If you don't want it in your backyard why force it upon someone else? Why not place it in an open area clear of residential homes, businesses, and schools. It's not fair to be laden with the power plant on top of the Sycamore Landfill (which we had to fight), the Gillespie Air Field, and MCAS. They need to start thinking about other cities not just their own. Afterall, we ARE in their county, they should respect us as well as consider us a part of their city too. | 2012-03-11 @ 12:19:59 PM |

| <input type="checkbox"/>  <b>Todd</b><br>[Redacted]<br>70.181.189.159<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a> | <b>Petition Signup</b><br>Prevailing winds from the coast WILL drive pollutants into the Santee/El Cajon valleys where they will become trapped resulting in serious air pollution hazards to these and other communities in and around the valleys. Also noise pollution will ruin the local Mission Trails park for visitor throughout the region. This noise will also drive out wildlife in the area. Please move this plant to another, less populated area. You can plan on heavy litigation and other efforts targeted at                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 2012-03-11 @ 12:16:31 PM |

preventing the implementation of this plant. Legal action will be pursued on national, state and local levels which will also result in increased cost overruns for you. Move your plant to an alternate location, away from peoples homes and children!

I strongly oppose this. Do we still live in the dark ages here?? Why are we still destroying the earth when there are other options? And putting a harmful power plant anywhere is ridiculous, let alone right next to a school and a beloved regional park. The proposers of this project should all be forced to live within a mile of this plant. As for me, I am already planning a move far, far away from Santee, just in case this goes through. What a shame.

I've just spoke to my brother who lives in San Tee and has for a number of years. He's made his home there, raised his his children, and not too long ago met his new wife. In listening to him, I'm concerned about this power plant. I say what about peoples heath and breathing in all the chemicals that will be in the air? This is a BAD idea and built near schools, parks, and neighborhoods.!! I seriously hope and pray that you will stop this and quit thinking about your own pockets. He told me the buyer lives in North Carolina and this will produce 100 or so jobs. Oh, and 9 or so full time upon completion. Oh, YEAH, let's applaud this N.C. guy. After all, the aftermath won't effect him. Tell you what I'm going to

| <input type="checkbox"/>  <b>Rachel</b><br>[REDACTED]<br>70.181.173.234<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a> | <b>Petition Signup</b><br>I grew up at this address since 1974. My husband and I bought this house from my parents 12 years ago in 2000. I had planned to live in the beautiful city of Santee always. This proposed power plant is very near my home. The proposed power plant is even closer to my childrens school. I am horrified that a power plant which will expose people to substancial air and noise pollution which has unknown health effects would even be poposed so close to homes and schools. We as Santee residents already deal with the landfill, the flight patterns from Miramar and Gillespie Fields, and now you want to add a power plant to that mix. You are absoutly right NOT IN MY BACKYARD. Especially when as the crow flies you are talking less that two miles away from my home. If this proposed power plant moves forward, I am forced to make a decision to leave the city that I know and love, to find a home in a safer enviroment for my families health and well being.<br><hr/> <b>Last Name</b> Klindt<br><b>Address</b> 8000 [REDACTED] CA 92071 | 2012-03-10 @ 8:19:29 PM |

He and his Board might know exactly how this thing weaseled it's way into Park territory. And if they don't know, maybe they can refer you to someone who might be helpful. I have a feeling this has been planned for some time. | 2012-03-10 @ 7:07:42 PM |

| <input type="checkbox"/>  <b>Roberta F Thompson</b><br>[REDACTED]<br>72.207.125.183<br><a href="http://stopthesanteepowerplant.org/contact/">http://stopthesanteepowerplant.org/contact/</a>              | <b>[Stop the Santee Power Plant] Contact</b><br>I have lived in the Carton Oaks development since the homes were built in 1971. It is inconceivable that we let this happen to our neighborhood. We will lose all that we hold dear and we must try and stop this type of action. The power plant does not belong where there are people living so close. I am sure there are alternative sits more suitable. I hope others feel as I do and will do what we can to stop this travesty. | 2012-03-10 @ 12:24:16 PM |

Mission Trails Park is one of the largest urban parks in the United States, California wants to be a leader in preserving the environment, don't let the power company that wants to build this plant ruin this 9800 acre urban park that serves this area. Keep Santee and El Cajón Valley free of the pollutants this power plant would emit. California PUC allowed SDG&E to build a transmission line from Imperial County that destroyed valuable habitat, don't allow another environmental disaster!!! !!! | 2012-03-09 @ 10:03:54 AM |

| <input type="checkbox"/>  Isaac<br><div></div><br>152.131.10.194<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a>  | <div><div>Petition Signup</div><div>This project absolutely needs to be evaluated at the 100% usage. We're talking about placing this plant within on mile of the "Third Jewel in the City of San Diego Park System", Mission Trails Park. Mission Trails is one of the largest urban parks in the United States and contains a lake and the San Diego River. I am completely disgusted as a resident that the city would even consider this prospect. This project is also within one mile of Kumeyaay Lake Campground, West Hills Park and Carlton Oaks Golfcourse, and less than two miles to Santee Lakes.</div></div> <div><div>Last Name</div>Walrath</div> <div><div>Address</div><div></div>, CA 92120</div> | 2012-03-08 @ 10:30:39 AM |

Have seen many changes, the majority have been good ones. This power plant and the towers would be a terrible thing for our city. I can see no benefit, whatsoever, for having them here. Please reconsider the location.<br><hr/> <b>Last Name</b> Huntley<br><b>Address</b> [Redacted] 92071 | 2012-03-07 @ 7:59:39 AM |

We do not want this unsightly power plant to mar the lovely view of our hills! We do not want its pollution to choke our homes and our yards and plants. We want renewable energy. My husband and I plan to grow old here and this plant will be unhealthy for all, young and especially old. We demand that the evaluation of the proposed Quail Brush Power Plant!

| <input type="checkbox"/> |  <b>Joseph</b><br>josephm1234@excite.com<br>98.176.47.64<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a>             | <b>Petition Signup</b><br>Things are bad enough already. First we've got the diverted military helicopter traffic going over, after the richer communities complained and threatened lawsuits. Next, we got the jail expansion forced on us. Now they're trying to push in a power plant? We don't need to adopt the bad parts of major cities here in Santee. The home values are dropping enough. Why not put it in La Jolla?....No, just force everything on the poor middle class working guy. | 2012-03-05 @ 8:35:40 PM |

I have worked/volunteered in the park for several years, and I have hiked hundreds of miles in the park. The park is visited by tens of thousands of hikers/bikers each year. Surely there are other places that do not impinge on the little open space left in the city.</div> <hr/> | 2012-03-05 @ 11:58:33 AM |

Please continue to choose QUALITY of LIFE IN SANTEE over this very problematic form of income. We can do better. Thank you.<br><hr/> <b>Last Name</b> Clifford<br><b>Address</b> 9367 Willowgrove Ave                                                                                                                                                                                                                                                                                                                                                   | 2012-03-03 @ 7:50:56 AM  |
| <input type="checkbox"/>  <b>Charles</b><br>[REDACTED]<br>68.7.79.34<br><a href="http://stopthesanteepowerplant.org/sign-the-petition/">http://stopthesanteepowerplant.org/sign-the-petition/</a>        | <b>Petition Signup</b><br>I have live in Santee and know the that the proposed Quail Brush Peaker power plant location is a bad choice. I as well as my community do not want a power plant put in so close to schools and residences. The power plant will cause air pollution,noise,and traffic congestion. It will take our precious water to cool the 11 recipercating engines. The power plant will also disturb and change the enviroment and ecosystem around our Mission Trails Regional Park. The night sky will no longer be dark enough to view the stars with the lighting that is to go on top of the 90 foot tall smoke stacks. I request you to sign the petition and do | 2012-03-03 @ 7:43:30 AM  |

The city of San Diego has "dumped" undesirable elements of infrastructure at the border of Santee to avoid the uproar of its own inhabitants. They placed a dump on the border that they wish to expand--therby further nauseating Santee Citizens, and now they want a power plant that will place energy in the grid that will not prevent Santee brown outs, regardless what they claim. It's time to stop the madness, if they want a power plant, build it in 'La Jolla West'.</div> <hr/> <div><b>Last Name</b> Cooper<br/><b>Address</b> [Redacted]</div> | 2012-02-29 @ 8:50:22 AM  |

There are few if any guarantees that the plant will be used minimally as suggested at this time and as such, I suspect that the impact will be significantly greater the currently documented. | 2012-02-27 @ 6:54:13 PM |

The environmental repercussions alone make this proposal ridiculous. Has no one considered the affect this will have on Mission Trails and West Hills High School located within 1000yds of the location? As a Santee homeowner, and father of a 6 month old, I think that this is the worst possible thing that could potentially happen to our delicate landscape and "up-and-coming" status. Families will no longer see Santee as a viable option to purchase homes causing a direct impact on the local economy. Families already living in Santee will relocate to | 2012-02-27 @ 5:07:15<br>PM |

| <div><input type="checkbox"/>  <b>Ron</b><br/>[Redacted]<br/>76.216.248.134<br/><a href="http://stopthesanteepowerplant.wordpress.com/sign-the-petition/">http://stopthesanteepowerplant.wordpress.com/sign-the-petition/</a></div>                      | <div><b>Petition Signup</b><br/>This proposed plant, under the current plan, will adversely impact the residents of Santee as well as the many visitors to Mission Trails Regional Park. Rather than the proposed location south of the landfill, moving the location to the north or west side of the landfill will cause less impact and would be a better solution. As a taxpayer, homeowner, and resident of Santee (West Hills &amp; Mission Gorge) I am highly opposed to the plans for this plant but would support alternative locations.<hr/><b>Last Name</b> Kinkade<br/><b>Address</b> 1916 [Redacted]</div> | 2012-02-26 @ 6:32:24 PM |

Petition Signup

We MUST stand together, band together and STOP one more attempt by the city of San Diego to "dump"--as in Sycamore Landfill---yet another "project" in our fine city. We have formidable foes in this battle who have unlimited funds at their disposal. It is our health,our well being that is being threatened by SDG&E simply because they think they can with little or no voice from Santee's fine citizens. DO NOT let these "giants" ruin our well being,quality of life and health simply "because they can". STAND UP SANTEEANS--WAKE UP----GIVE OF YOUR TIME-- AND HEART. Contact your neighbors,keep yourselves informed--get involved. Contact YOUR City Council. Ask them why they remain neutral and not committed in supporting us with our fight.

IT IS A DEATH TRAP TO ALL OF US WHO LIVE AND THRIVE IN THIS AND THE SURROUNDRING AREA. LAND WILL GREATLY DEPREICAPTE AND WATER QUALITY WILL BE NON -EXCISITENT. THE AIR QUALITY WILL BE SO POOR THAT IT WILL CAUSE CARBON MONIXIDE WHICH IN HIGH CONCENTRATIONS IT IS FATAL. ELDERLY PEOPLE WITH HEART DISEASE ARE HOSPITALIZED MORE OFTEN WHEN THEY EXPOSED TO HIGHER AMOUNTS OF CARBON MONOXIDE. WATER IS OUR LIFE BLOOD AND THIS PLANT WILL BE COMPETE WITH US FOR WATER. THIS IS ALSO GOING TO CAUSE A MAJOR TRAFFIC JAM TO ANYONE AND EVERYONE TAKES HIGHWAY 52 AND MAST BLVD TO WORK EACH AND EVERYDAY. THIS IS GOING GREATLY EFFECT WEST HILLS HIGH SCHOOL AND ATHE BEAUTIFUL SURROUNDING PARK AREAS ALSO. ASK YOURSEFL THIS QUESTION. WOULD YOU WANT THIS AWFULL THING IN YOUR BACK YARD? tHE ANSER IS NO!!!!!!!!!!!!!!!!!!!! SINCERELY, SHARON MAYER | 2012-02-18 @ 3:03:56 PM |

| <input type="checkbox"/>  <b>Bernard &amp; Laura Hoyt</b><br>[REDACTED]<br>72.207.117.38<br><a href="http://stopthesanteepowerplant.wordpress.com/contact/">http://stopthesanteepowerplant.wordpress.com/contact/</a> | <b>[Stop the Santee Power Plant] Contact</b><br>Mr. Eric Solorio, We moved into a beautiful new housing development in Santee, Ca. 11/2 years ago. Nothing was mentioned or made known to any of the new homeowners, to my knowledge, about any Power Plant. We lived four miles west from my new home for 22 years and had not been aware of any Power Plant development in this area. You can imagine how outraged our community, as well as many others are about this shocking news! How can something of this magnitude be "exempt from having an environmental impact report" done when there are thousand of people a few miles from the site location? ( according to the statement on the CAL Gov Energy Comission Website). So many contradictions in this report. Why build for 100-megawatts when only 50 -megawatts will be used (if this happens) and how does this "support wind and solar and other renewable energy sources"? Why not make this a wind resource area and provide local jobs and a clean nontoxic energy source? Where is the "11/16/2011 Commission Accepts AFC data adequate report" ? Bye the way, does anyone know that this is a military fly zone & the largest city nature reserve? Know this, the residents of Santee and surrounding San Diego communities are outraged and will put up resistance to the Quail Bush Power Plant location. Bernard & Laura Hoyt | 2012-02-17 @ 11:54:46 AM |

Santee also has Las Colinas women's correctional facility. Santee does not need nor want another undesirable in our community and if construction starts it most likely will not get finished due to the economy and inevitable budget cuts. Santee is literally the dumping ground for things San Diego does not want. This plant must not be built. | 2012-02-16 @ 11:34:35 AM |

| <input type="checkbox"/>  <b>Retha</b><br>[REDACTED]<br>208.54.39.181<br>http://stopthesanteepow<br>erplant.wordpress.com<br>/sign-the-petition/     | <b>Petition Signup</b><br>We do not this power plant spewing toxic air in our community. Sycamore Canyon is not a remote area by a landfill. I have lived for 22 years on the border of Mission Trails Regional Park and can see the proposed power plant site from my backyard. The health of my family,neighbors and community will all be severely impacted if this unnecessary power plant is built. That is the only real guarentee the CEC or Cogentrix can give us if allowed in our community.<br><hr/> <b>Last Name</b> Knight<br><b>Address</b> [REDACTED], CA 92071 | 2012-02-16 @ 12:41:14<br>AM |
| <input type="checkbox"/>  <b>Rosilnd</b><br>[REDACTED]<br>137.131.72.33<br>http://stopthesanteepow<br>erplant.wordpress.com<br>/sign-the-petition/ | <b>Petition Signup</b><br>I live in the area and can say that other than through a coworker, no agency (city, state, pertinent organization) has informed the people living in the area about this proposed plant and the implications. Is this how serious matters such as this should be handled? I am sure creative thinking is needed to place this plant in a area far, far away from any residential negative impact. I hold this commission to a higher standard. Please do not disappoint.                                                                             | 2012-02-15 @ 12:27:39<br>PM |

Safety and health issues are the main concern of this project that is trying to be shoved down our throats. When it comes to things like this that other areas refuse to consider to have in their backyards, it seems that they always try to put it in Santee. Well, enough is enough as this is a bedroom community and we have a beautiful little city which is not going to be destroyed by greedy developers and ruthless bureacrats. It's all about money and nothing else. Let's work together to defeat this. | 2012-02-13 @ 2:49:13 PM  |

Period. I love Mission Trails, my husband and I enjoy hiking all over the place, we were raised in Santee and don't want to see this happen to our beautiful landscape. We are lucky to have a place so untouched, yet so close to our front door. Please don't ruin it. We can't get it back.<br><hr/> <b>Last Name</b> Mac Dougall<br><b>Address</b>  CA 92071 | 2012-02-12 @ 11:11:15 AM |

| <input type="checkbox"/> |  <b>Peter Adams</b><br><br>72.199.167.71<br>http://stopthesanteepow<br>erplant.wordpress.com<br>/contact/ | <b>[Stop the Santee Power Plant] Contact</b><br>I have a questions regarding the placement of the plant itself: Does the<br>placement land wholly in the city of San Diego or Santee? I am concerned that<br>if it is within the city of San Diego, this is more push something undesirable on<br>the the citizens of Santee. Because they can't stop it as they are not San Diego<br>taxpayers, and the taxpayers of San Diego won't care as it is being built on the<br>other side of the hill from San Diego. | 2012-02-07 @ 11:34:45<br>AM |
