NOV 19 2012

Subject: Docket 12-IEP-1c, Information Request Submittal for the City of Burbank's Magnolia Power Plant

Dear Dockets Unit Staff:

I am forwarding for docketing the information request response submittal for the City of Burbank's Magnolia Power Plant that was e-mailed to Energy Commission and Energy Commission consultant (Aspen Environmental Group) staff before we provided corrected submittal instructions for submittals not requesting confidentiality (i.e. that the submittal needed to be provided formally to Dockets). This submittal provides both a hardcopy and the necessary CD copy to complete the docket submittal. The e-mail text provided by the City of Anaheim is provided on the next page, and this cover letter and the information request response excel file are provided in a single combined .pdf file in the attached CD.

Regards,

William Walters, P.E.
Aspen Environmental Group
