Public Comment regarding the proposed Huntington Beach Energy Project

I would like to make the following written comment. I understand that my comments will be docketed and may be posted on the Energy Commission's website and be available to the public.

After the data are presented, discussed, & analyzed, please read my concerns as a 49 year resident within 1 mile of the proposed Huntington Beach Energy Project. Too many members of my family and neighbors have experienced cancer and death, too much pollution has covered our homes & possessions, and too much noise has disturbed our daily lives. NO on this project!
