**Re: *In the Matter of Quail Brush Generation Project (11-AFC-03):*
HomeFed Fanita Rancho, LLC's Initial Response to CEC Staff's
Data Requests, FR-1 through FR-6**

Dear Sir or Madam:

Section 1716 of the Commission's regulations permits any party to request "information reasonably available to Quail Brush which is relevant to the notice or application proceeding or reasonably necessary to make any decision on the notice or application." Intervenor HomeFed Fanita Rancho, LLC ("HomeFed") objects to data requests 1 through 6 propounded upon it by CEC Staff on the grounds that they seek information not relevant to this proceeding, and that is not reasonably necessary for the Commission to render a decision as required by Section 1716(b) of the Commission's regulations. Without waiving that objection, HomeFed provides the enclosed Initial Response to CEC Staff's Data Requests.

Very truly yours,

Valentine S. Hoy

_____)	TO CEC STAFF'S DATA REQUESTS

HOMEFED FANITA RANCHO, LLC responses to CEC Staff's Data Requests as follows:

FR-1. The Fanita Project is subject to pending litigation. Relevant excerpts from the administrative record for *Preserved Wild Santee v. City of Santee* (San Diego Superior Court Case No. 37-2008-00075168-CU-TT-CTL) will be provided. Recently, the Court of Appeal of California, Fourth Appellate District, Division One, published an opinion addressing a challenge to the Project's environmental impact report (EIR) prepared pursuant to the California Environmental Quality Act. The decision is available at 210 Cal.App.4th 260. Due to the pendency of the litigation, the construction start date for the Fanita project is unknown. Moreover, the amount and type of workforce needed by the Fanita project during construction and operation is unknown.

FR-2. A traffic study for the Fanita Project was prepared. The study can be found beginning at page 18529 of the administrative record, referenced in response to Data Request FR-1, above.

FR-3. There is no land within the Fanita Project which has been or is proposed to be rezoned from "open space" to another zoning designation. The Fanita Project comprises the Fanita Ranch subunit of the City's draft MSCP Subarea Plan. The Fanita Project is consistent with the City's draft MSCP Subarea Plan, and no boundary adjustments are proposed or contemplated.

FR-4. The total acreage proposed to be disturbed by the Fanita Project may be found at Section 3.1, Project Description, of the Fanita Project EIR, beginning at page 15364 of the administrative record referenced in FR-1, above. The EIR for the Fanita Project, and supporting technical studies are included in the administrative record.

FR-5. The Fanita Project's potential impacts upon public safety, including fire services, may be found at Section 4.13 of the Fanita Project EIR, beginning at page 15832 of the administrative record referenced in Data Response FR-1, above.

FR-6. HomeFed has no information relating to any potential for mutual aid provided between the fire departments of the City of San Diego and the City of Santee.
